**7. Resolution to support the study of the Joint E911 Center for Calumet, Outagamie and Winnebago Counties**

Sheriff Brooks explained they are in the process of building a new radio system and there are shared components. A Joint E911 Center (PSAP) would eliminate the need to replicate three-(3) different infrastructures which would save money and would also save money in regards to staffing. There is a big difference between a Regional Jail and a Joint E911 Center. There are many constitutional issues involved with a Regional Jail that do not apply to an E911 Center. Outagamie County, Calumet County, and the Information Systems Committee have all approved this study.
