COUNTY EXECUTIVE'S REPORT

Executive Harris spoke to the Board about Resolution No. 56-82012, "Direct Winnebago County Executive to Explore Divestiture of Tri-County Ice Arena". He explained that the ice arena was built and operated by Frank Shattuck. After a few years the ice arena was operating at a loss, so Mr. Shattuck was going to sell it to be used for cold storage—not an ice arena. At that time, the counties of Calumet, Outagamie and Winnebago each spent \$200,000 to purchase the ice arena with the understanding that these counties would not contribute any additional funds to operate the facility.

Executive Harris explained that in the last 35 years that Winnebago County has worked with the Tri-County Recreation Association, the county has not given them any money to operate the ice arena. He stated that a number of years ago the association did ask for financial assistance to fix the parking lot, which was the original parking lot from 1975 and was badly deteriorated. The Winnebago County Board did approve paying half of the cost for the parking lot repair, provided Outagamie County paid the other half.

Executive Harris stated that Outagamie County has their own ice arena in Appleton, so they have decided not to invest any more money in the Tri-County Ice Arena, which is their right under the agreement. He explained that because of Outagamie County's decision to no longer be involved at the Tri-County Ice Arena, any decision made by this Board that is conditional on Outagamie County paying half the cost, will not be done.

Executive Harris stated that both Winnebago and Outagamie Counties pay \$2,000 per year for liability insurance at the facility. He said that because of the good working relationship the county has with the Tri-County Recreation Association, Winnebago County has spent very little money on the ice arena.

Executive Harris thinks that Resolution No. 56-82012 is, "a little out of order" because the county doesn't yet own the ice arena, so the county cannot sell the facility. He further explained that the Tri-County Recreation Association has the right of first refusal.

Executive Harris feels that the ice arena has been, "an excellent value for our money" and if the county sells it the county loses the ability to invest in it and make sure it remains a skating facility. Executive Harris encouraged the Board to vote down Resolution No. 56-82012.

Executive Harris then spoke to the Board about Resolution No. 72-82012, "Authorize Winnebago County to Enter into a 15-Month Contract with Network Health Plan to Provide Employees with Medical Health Insurance for the Period Covering October 1, 2012, Through December 31, 2013." He stated that the county has good, loyal employees that need to be taken into consideration when making a decision on the health insurance. However, the county is in a difficult position because provisions of the county's current health insurance plan will trigger the Cadillac Tax provision of the federal Health Care Reform Act. The Cadillac Tax is a 10% surtax on the county's plan and would require the county to come up with additional operating funds while the county is under strict limitations. Those restrictions are the levy freeze and the rate limit.

Executive Harris explained that if the county keeps the current health insurance plan, costs will increase by \$2 Million in 2013 and will exceed the levy freeze. To make up this \$2 Million, extensive cuts will need to be made in other areas of the budget. He further stated that if the county keeps the current health care plan, the rate limit restriction would require the county to reduce the 2013 budget by \$3 Million.

Executive Harris stated that the new proposed health insurance plan will save the county approximately \$1 Million and keep the county below the levy freeze limitation and reduce the levy so that the county would remain close to the rate limit.

Executive Harris then addressed some of the questions and concerns raised by county employees. He explained that Network Health said that they will work with employees who have concerns about the continuation of care with their current physicians because of serious health issues. In regards to the employment contract with the Sheriff's Deputies, that is a matter that will be looked into to make sure that provisions of the contract are honored.

Executive Harris then took questions from the Board.
