 5.5 % 4 years
 3% 3 years

Last CCAP'ed November 2014

Information does not include the societal savings of SSTOP program including court related time, property damage, injury and death, family etc.

It does appear that some of the statistics may have been miscalculated over the last few reports. Some statistics were only intended to be tallied from successfully completed and may have actually been of all referred. At the next report out the spread sheets that are used to calculate these numbers are going to be gone through to make sure that statistics kept from the start of the program are consistent in the way it is documented.
