

**Winnebago County**  
Office of the County Clerk

*The Wave of the Future*

**NOTICE OF CLAIM**

Date: June 22, 2015  
To: Doug, Linda and Joan  
Re: Claim from Charles Storino for damage to his wheel/tire on June 16, 2015,  
caused by a pothole traveling on US 41.

This claim will be presented to the County Board at their July 21,  
2015 meeting.

To Winnebago County Clerk,

Time of incident: approximately 11:00am June 16, 2015

Dollar amount: Cost of tow-\$78.75

Replacement wheel \$310 plus shipping

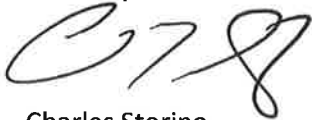

Replacement tire \$245.00

Location: traveling south on US-41 just past polish connection bridge and right before exit to US-41 south Milwaukee. Right lane

I was traveling in the right lane about to take the us41 s milwaukee exit when i hit a large pothole on my driver side. My cars tire instantly blew due to the impact. I immediately pulled over to the side of the road. A tow truck operator stopped and gave us a tow so we could get out of such a high traffic area. I had to have my car towed and noticed not only that the tire blew, but the wheel was nearly cracked in half. I drove past the pothole a couple hrs later to get a better idea on how large the hole actually was. The tow truck driver informed us that i was the 6 tow that he had done on that stretch of road that morning. He should have a record of my tow as he took my license plate and vin#. This area of road is not part of a construction zone where work is being done. The stretch of the road I was traveling on is receiving maintenance. However the ramp on the opposite side is. I can provide you with pictures on the damage. Please let me know if you need any additional information.

Thank you for your time and I look forward to hearing from you.

Sincerely,

Charles Storino
