Re: Windshield Damage

Dear Winnebago County,

On Tuesday 06/12/12 at 5:24pm your truck #26 pulled out from the Hughes Rock Quarry onto Highway 26 in front of our insured's 2005 Dodge Neon (color blue) owned by Samantha Pierstorff. Our insured had to slow down suddenly to 35 mph to avoid hitting the truck. This truck had a full load of gravel that did not have a tarp covering the gravel. Some gravel fell off of the truck onto our insured's vehicle cracking the windshield. Our insured was not able to keep a good distance from this truck due to pulling out in front of her. This truck then turned onto County FF.

We are asking that the cost to replace our insured's windshield be paid by Winnebago County as we don't feel that she was able to avoid keeping the distance from the truck to avoid the gravel that was falling off the truck. Please send full payment in the amount of \$250.51 to our insured at the below address for the replacement of this windshield. The quote for the windshield was from Klein Dickert out of Oshkosh.

Thank you for your time.

Sincerely,

Shelly Schmuhl
