RE: Vehicle damage caused by airport gate

To whom it may concern,

My vehicle (a 2003 Ford Mustang) was recently damaged by the gate behind the Theater In The Woods, on Knapp St. Road, on the west side of the airport property. I have included copies of the email chain between myself and airport manager Peter Moll. These emails include an explanation of the incident and subsequent correspondence

Peter directed me to send this info to you for resolution. I have included the following:

- A copy of my original email to Peter, explaining the incident
- A copy of Peter's reply to me, directing me to send this info to you
- Photos of the damage to my vehicle
- Two repair estimates

Please contact me with any questions you may have, or if you need more information from me. I can be reached by phone at 920-426-6145 (work) or 920-279-2855 (mobile). I can be reached via email at either jnorris@eaa.org or pilotjoe@ntd.net. My mailing address is shown above.

Thanks you very much for your prompt attention to this matter.

Regards,

Joe Norris

To: Moll, Peter Subject: Airport Gate Problems

Hello Peter,

Last Sunday I was overseeing my EAA Sport Pilot Academy, which is operating out of Hangar C on the EAA Convention grounds. (We're doing that so as to save taxi time due to the closure of all the runways on the north side of the airport). After leaving Hangar C, I stopped over by the Vintage Red Barn to inspect the progress on the remodeling project. From there I headed home.

Since I live south of town on Oregon St, the most direct way to go from the VAA Red Barn to my house was to exit via the gate on Knapp St. Road, right behind the Theater In The Woods. So I pulled up to the gate and nothing happened. I pulled a bit closer, and still nothing happened. So I pulled up closer yet. By now I was really close to the gate, but it activated. I didn't think anything of it until I heard the scraping noise and the gate came to a stop. The bracket that attaches the drive chain to the gate hit the front of my car, putting a hole in the fascia. I have attached photos of the damage for your perusal.

So I checked with Karen here at EAA, and she tells me that the gate actually belongs to the airport and not EAA, and that I should talk to you about getting the damage taken care of. I have procured two estimates on the damage, and can provide them to you either electronically or hard-copy, as needed.

Let me know how to proceed.

Thanks,

Joe Norris

To: "'Joe Norris'" <pilotjoe@ntd.net>

Joe:

Sorry to hear about the damage. First, I will have our crew check on the gate to ensure it is properly working and aligned.

Second, here is the procedure for claims. You may submit a claim in writing to the Winnebago County Clerk (415 Jackson St., PO Box 2808, Oshkosh, WI 54903-2808). Include as much documentation as possible. For instance, send a copy of this e-mail, the photos of the damage, all estimates you may have, and any other supporting documents that you feel will make your case. A police damage report is not necessary.

The county clerk will submit the claim to the county board, which will then forward it to the Personnel & Finance Committee for approval or denial, and then it will return to the county board for approval/denial. This process may take 2-3 months.
