

UWO Fox Cities BoT Monthly Condition Report for Campus

February 2024

- 1) Elmstar was out here in Dec/Jan and replaced defective lighting on the Barlow exterior.
- 2) Repairs to the remaining sections of membrane on the Weis Museum has been repaired which will extend the life of the roof overall.
- 3) The mild winter so far which is saving us some significant dollars on snow removal costs.
- 4) We are still in the process of getting quotes on several smaller summer 2024.
- 5) Met with Chad Shaw and Paul Rothe to start developing specs for the science wing window replacement RFP.
