

## We Heart You Cards

### These referral cards were created to:

- Refer to substance use treatment and recovery services
- Refer to mental health services
- Support referrals across northeast Wisconsin

### We Heart You Cards can be shared with:

- People with substance use and mental health issues
- Families and friends of individuals impacted
- Organizations and agencies that are often referring people to help

### If someone asks what We Heart You Means:

*"We care about people with substance use issues and want to make it easy to connect to help when they need it."*

If you would like We Heart You cards for your organization, please contact
