10. Begin discussion of Winnebago County's process on how they handle juvenile offenders.

Sheriff Matz explained why the Huber building can not be used to house juveniles. The cost of renovating that building to meet the criteria of a juvenile facility was not cost effective. It was a minimum security adult facility in the past so in order to make it a juvenile detention center was very costly. \$122 per day per juvenile at Fond Du Lac Secure Detention. We average 6 beds a day but the cost savings from Outagamie to Fond Du Lac was \$200,000 a year as the contract with Outagamie was for 10 beds whether or not they were filled.

Judge Siefert and Judge Jorgenson also shared more information regarding the juvenile detention facilities and how the juveniles are treated at these facilities. It's to keep the kids sober and safe and then they are transitioned back into the community in some way.
