Supervisor Finch explained that the Parks Department is having a rummage sale to raise funds for various rehabilitation projects for the Parks Department. It will be held on Saturday, May 23 at the Expo Center. Supervisor Finch then thanked Patty Francour, Information Systems Director, for the adjustments her department made to after-hours options for the county's 727-4888 main number.

Supervisor Koziczkowski also stated that the State of Wisconsin is looking at cutting \$59 Million from Human Services budgets across the state. These cuts will have significant impacts on the services the Human Services Department can provide to the citizens of Winnebago County.

Supervisor Kline reminded the Legislative Committee that there will be a meeting on Monday, April 27. An amended agenda for this meeting will be sent out later in the week.

He explained that the State of Wisconsin has indicated that it will convert all counties to long-term family care by 2013. Milwaukee County and possibly Dane County will be the only counties large enough to have their own "stand alone" family care districts. All other counties will be forced to combine with other counties to form these districts. Mr. Harris explained that Resolution No. 184-42009, "Creating a Long-Term Care District Comprised of Fond du Lac, Manitowoc and Winnebago Counties" is being presented tonight as part of these counties' efforts to control their "own future."

Executive Harris explained that Resolution No. 184-42009 is proposing a public model district, which will allow county representation on the district's board so the county can continue to influence policies and operations of the long-term family care district. He also explained that the creation of a long-term family care district has been studied for sometime, but it wasn't until the counties' received permission from the state that they were able move ahead with the process.

Chairman Albrecht introduced Mary Ann Mueller, the Assistant Winnebago County Corporation Counsel. Ms. Mueller will be the county's legal counsel at the Board's meeting in May.

DENNIS O'LOUGHLIN, PRESIDENT, WISCONSIN COUNTIES ASSOCIATION (WCA)-WCA UPDATE

Dennis O'Loughlin, Dane County Board Supervisor and President of the Wisconsin Counties Association, explained that his goal as President of WCA is to visit as many counties in Wisconsin as possible. It's been a very "enlightening" experience as he learns the various issues that counties face around the state.

Mr. O'Loughlin commended Mark O'Connell, Executive Director of WCA, and his staff in Madison for their hard work and dedication. He stated that the WCA's lobbying team is at the state capitol every day watching out for Wisconsin's counties.

Mr. O'Loughlin stated that it's been his privilege to serve as a County Board Supervisor in Dane County for the past eleven years. Since becoming a supervisor, their Board was reduced from 41 to 37 members. Mr. O'Loughlin explained that they will look again at possibly reducing their size, but not until after the federal census has been completed.

Mr. O'Loughlin stated that another one of his goals as WCA President is to promote The Wisconsin Way, which is an organization designed to get the public involved "in a continuing public conversation about modernizing and refining taxes and government in Wisconsin." (Quote is taken from The Wisconsin Way website.) Mr. O'Loughlin feels The Wisconsin Way is the "key" to positively affect the "paralysis in Madison."

Mr. O'Loughlin explained that another one of his goals as WCA President is underway and that is to create a health and wellness committee. This committee will look at various issues that people need to address to stay healthy—nutrition, exercise, etc.

Mr. O'Loughlin reported on the establishment of a WCA committee called the Constitution & Bylaws Committee. If approved, other elected officials—sheriff's, county treasurers, county clerks, etc.—will be invited to serve on this committee and get them more involved in the WCA.

Mr. O'Loughlin stated that because of revenues generated by the WCA's affiliation with other organizations, they do not anticipate an increase in counties' dues any time soon.

Mr. O'Loughlin then explained the Boston Mutual Life Insurance Employee Life Option Plan that Dane County offers their employees. He stated that this is a wonderful program that helps county employees and their families who are having difficulties getting life insurance get a policy. Boston Mutual Life Insurance handles all the paper work, so there is no extra work required by county personnel.

Mr. O'Loughlin stated that the WCA is also working with the League of Municipalities, National Association of Counties (NACo) and the National League of Cities to establish, "a joint powers authority with the ability to issue tax exempt bonds in Wisconsin under Wisconsin law and also make the financing vehicle available to cities, counties, schools and other governmental entities across the country." He stated that the necessary legislation to make this happen is also being worked on right now. Mr. O'Loughlin stated that this would be "tremendous" revenue source for the WCA and that they are in "pretty good shape" to get this finalized.

Mr. O'Loughlin thanked Chairman Albrecht for giving him the opportunity to speak to the Board.

WHEREAS, the State of Wisconsin has authorized expansion of the long-term care program known as Family Care; and

WHEREAS, the goal of the Family Care program is to improve people's lives through:

- Choice – Giving people better choices about the services and supports available to meet their needs
- Access – Improving access to services
- Quality – Improving quality through a focus on health and social outcomes
- Cost-effectiveness – Creating a system where planning for resources and options to meet an individual's outcomes also considers the comparative costs of those options and resources; and

WHEREAS, Section 46.2895 of the Wisconsin Statutes provides counties with the legal authority to create new public entities known as Long-Term Care Districts to provide the Family Care benefit through the operation of a Managed Care Organization (MCO); and

WHEREAS, reimbursement for Medical Assistance residents residing at county nursing homes is underfunded; and

WHEREAS, the cost of nursing home care continues to rise due to increased acuity, inflation related to wages/benefits, utilities and other expenses; and

WHEREAS, the Winnebago County contribution that is used to supplement the Medical Assistance funding for the care of Park View Health Center residents is used by the State of Wisconsin to capture federal supplemental payments for the State Medical Assistance Program; and

RESOLUTION NO. 196-42009: Oppose the Governor's Proposed Changes to Insurance Laws and 2009 Senate Bill 20

WHEREAS, Governor Jim Doyle's 2009 Executive Budget Bill (2009 Assembly Bill 75) contains several anti-tort reform proposals including, but not limited to:

- Changing comparative negligence laws to force a defendant to pay one hundred percent of the damages when they have as little as one percent of liability;
- Forcing individuals, companies and local governments to pay for higher levels of insurance by increasing mandatory minimum auto liability insurance limits;
- Changing the definition of an "underinsured motorist" in a way that increases insurance claims;
- Requiring insurance companies to cover "uninsured motorist" insurance claims when no contact was made between the insured's car and another car, thereby increasing the risk of fraudulent claims;
- Allowing "stacking" of coverage for "underinsured motorists" such that the coverage limits for an accident are not limited to the policy relating to the particular vehicle involved in the accident;
- Forcing excess or umbrella insurers to offer to cover certain claims when the coverage was not requested by the insured; and

WHEREAS, the aforementioned anti-tort reform proposals would significantly increase the cost of providing insurance in Wisconsin; and

WHEREAS, Winnebago County currently procures its liability insurance through Wisconsin County Mutual Insurance Corporation (WCMIC); and

WHEREAS, WCMIC is a county owned and operated mutual insurance company created for the purpose of providing long-term stability in insurance coverage and insurance costs for counties; and

WHEREAS, as a mutual insurance company, WCMIC's increased cost of providing insurance resulting from the anti-tort reform proposals would be borne by counties and their taxpayers directly in the form of increased insurance premiums; and

WHEREAS, 2009 Senate Bill 20 is currently pending before the Senate Labor, Election and Urban Affairs Committee; and

WHEREAS, Senate Bill 20 would have a dramatic financial impact on counties by changing employment discrimination laws as follows:

- Allowing claimants to collect unlimited punitive damages against counties contrary to current state and federal law;
- Forcing counties to pay a punitive 10% surcharge to the court system in addition to unlimited damages;
- Forcing counties to litigate issues of compensatory and punitive damages years after the initial discrimination complaint was filed.
- Creating an irrational and inefficient complaint process where both parties have an incentive to litigate claims to the fullest extent possible; and

WHEREAS, Winnebago County faces significant budgetary challenges related to the provision of critical state and county services at a time when state and federal financial support for such services is decreasing and the burden placed on Winnebago County taxpayers is growing; and

WHEREAS, adding new costs for counties and forcing counties to increase their tax levies during our current economic downturn would be devastating to property taxpayers who can ill afford increased taxes or increased insurance costs;

NOW, THEREFORE, BE IT RESOLVED, that the Winnebago County Board of Supervisors hereby opposes the Governor's proposed changes to insurance laws included in his 2009 Executive Budget and the proposed changes to employment discrimination laws in 2009 Senate Bill 20 and strongly encourages its senators and representatives in the Wisconsin State Legislature to reject the Governor's proposals and Senate Bill 20.
