HIGHWAY COMMITTEE—1941 PROGRAM

The following Report No. 1 was read:—
To the County Board of Supervisors of Winnebago County, Wisconsin: Gentlemen:—

Your County Highway Committee begs leave to report that it has had under consideration plans for a highway program for Winnebago County. Accompanying this report is a resolution for a proposed construction program based on plan Number 3, which proposes reconstruction of Jackson Drive, in the City of Oshkosh, relocation of the Omro curves on State Highway 21, work on State Trunk Highway 47, and laying storm sewer on State Trunk Highway 150, together with grading, draining, surfacing and construction of the Neenah-South County Line Road (U. S. Highway 41 relocation). This plan is a comprehensive plan of construction, encompassing the construction of 21.4 miles on the U. S. Highway 41 relocation. It proposes the authorizing of Winnebago County bonds as follows—November, 1941 \$150,000.00, November, 1942, \$200,000.00, November, 1943, \$50,000.00, November, 1945, \$200,000.00, for an aggregate bond issue for the said four years of \$600,000.00, all of which appears in detail in the resolution.

This Committee further advises that this plan is the plan which the Committee and the State Highway Commission of Wisconsin have worked out in detail as the most desirable plan for the utilization of the current state allotment, and the construction of the proposed Neenah-South County Line Highway.

In the event this plan is rejected it would appear that the following program would represent the limit of possible construction utilizing funds available at this time which can be allocated by the Board. This plan provides for the grading, draining, and surfacing with cement, and incidental construction of 1.35 miles of Jackson Drive in the City of Oshkosh, storm sewer in ditch on State Highway 150, and 7 miles of grading, draining, and surfacing on U. S. 41 (official location Neenah to Brooks Corners). This would utilize about \$292,900.00 of current funds, which is substantially all the funds, including the 1941 allotment.

WHEREAS, The proposed plan if undertaken should be completed, and such completion requires that subsequent county boards authorize the issue of bonds, this board deems it necessary that the contemplated plan of financing and the construction program be set forth and published in its proceedings in order that there shall be an authentic record for the information of the general public and subsequent county boards, in the event this board shall make provision to begin the work according to the proposed plan.

Gentlemen:—

Your Highway Committee, to which was referred the claim of Mr. E. C. Joost, of New London, Wisconsin, for \$41.80 to reimburse the said claimant for two front tire tubes and tires allegedly burst on a bump on County Highway "W" not far from the Rat River Bridge, begs leave to report that they have examined the claim and the correspondence relative to it and recommend the disallowance of the claim.

The claimant states that the county was extremely negligent in not having placed a bump sign near the bump.

The Committee feels in this connection that inasmuch as this same road was on that day in question traveled by the general public without injury to person or property of any other user of said highway, so far as the Committee knows, and as investigation indicates that there was no bump on the highway at that time, making advisable the erection of bump signs, it will be very poor policy for the County Board to allow a claim of this character.

Reese, Jr. a relief charge who attended first grade in the city schools of Neenah for five weeks from December 13, 1939, to January 31, 1940.

On investigation the committee has found that said charge was a resident of the Town of Granville, Milwaukee County during this time stated above and therefore recommends that the bill be disallowed.

Your Committee respectfully recommends the adoption of the following resolution:—

BE IT RESOLVED by the Board of Supervisors of Winnebago County, Wisconsin, that the claim of the Board of Education, Neenah, Wisconsin, for \$8.75 for tuition for Billy W. Reese from December 13, 1939, to January 31, 1940, be disallowed.

EDUCATION COMMITTEE—GREEN LAKE COUNTY

The following Report No. 7 was read:—

To the Board of Supervisors of Winnebago County, Wisconsin:
Gentlemen:

Your Committee on Education who has had under consideration a bill for \$139.75 from Green Lake County for a portion of the County School Aid for districts joint with Winnebago County would recommend the passage of the following resolution:—

Whereas Section 59.075 (2), Laws of Wisconsin, 1939, provide that:—
"In any case where a school district lies in more than one county, then the county in which such elementary teachers during the preceding year are employed as so certified shall be reimbursed from any other county in which such school district lies for its share of such two hundred and fifty dollars for the number of such elementary teachers in the whole district in the same ratio as the assessed valuation of the property of such school district lying in such other county bears to the assessed valuation of all the property in the whole district." . . .

And, whereas, Green Lake County has three districts joint with Winnebago County, as indicated in the following tabulation as certified by the County Superintendent of Schools of Green Lake County:

	Total Valuation	Valuation in Green Lake County	Valuation in Winnebago County	Percent Due Green Lake County	Amount Due Green Lake County

EDUCATION COMMITTEE—TOWN OF NEENAH

The following Report No. 8 was read:

To the Board of Supervisors of Winnebago County, Wisconsin:—
Gentlemen:

Your Committee on Education has had under consideration two claims of School District No. 4 of the Town of Neenah, as follows:

- (1) Tuition for Eleanor Heider, Beverly Heider, and Etola Heider, the children of Andrew Heider of Route No. 1, Neenah, Wisconsin, for a total of \$75.00 for the school year 1938-39.
- (2) Tuition for the above named children for a total of \$83.04 for the school year 1939-40.

On recommendation of District Attorney Lewis C. Magnusen your Committee on Education would recommend: (1) that Claim No. 1 be disallowed, as, in his opinion, this claim accrued prior to the passage of Chapter 333, Laws of 1939, and (2) that Claim No 2 be allowed for such length of time as the Heider children were county-at-large charges of Winnebago County, namely, from December 6, 1939, to April 24, 1940. Since this period would involve 18 weeks or one-half of the legal school year, therefore District No. 4, Town of Neenah, would be reimbursed in the amount of \$41.52.

Your Committee on Education respectfully recommends the adoption of the following resolution:—

Now, therefore BE IT RESOLVED by the County Board of Winnebago County, Wisconsin, that (1) the claim of School District No. 4, Town of Neenah, for tuition for the Heider children for the school year 1938-39 for a total of \$75.00 be disallowed, and (2) that the portion of the claim for tuition for the Heider children for the school year 1939-40 which accrued during the weeks from December 6, 1939 to April 24, 1940, for a total of \$41.52 during which time said children were county-at-large charges, be allowed and paid to the treasurer of said district.

EDUCATION COMMITTEE—OUTAGAMIE COUNTY

To the Board of Supervisors of Winnebago County, Wisconsin:
Gentlemen:

The Education Committee had under consideration the bill of Outagamie Rural Normal School, Kaukauna, Wisconsin, totaling \$76.00 for tuition for Leona VanDensen.

The Committee recommends that this bill be disallowed in view of the fact that on investigation it found that during the time the claim accrued said student established residence for school purposes in Outagamie County by being employed in a home in Kaukauna where she worked for her room and board.

Your Committee respectfully recommends the adoption of the following resolution:

BE IT RESOLVED by the Board of Supervisors of Winnebago County, Wisconsin:—That the claim of the Outagamie Rural Normal

School, Kaukauna, Wisconsin, in the sum of \$76.00 for tuition for Leona VanDensen for the school year 1939-40 be disallowed.

Your Committee on Education respectfully recommends the adoption of the following resolution:—

BE IT RESOLVED by the Board of Supervisors of Winnebago County, Wisconsin that the claim for High School tuition for Kenneth and Carl Rasmussen in the sum of \$480.16 be disallowed.

EDUCATION COMMITTEE—VILLAGE OF OMRO

The following Report No. 11 was read:

To the Board of Supervisors of Winnebago County, Wisconsin.
Gentlemen:

Your Committee on Education has had under consideration the claim from the Board of Education of the Village of Omro, Wisconsin, for tuition as follows:

(1) High School tuition for the school year 1939-40 for Gordon Miller, Elsie Rice, and Conrad Block, for a total of \$298.08.

(2) Grade School tuition for: Rose Kloberdunz, John Kloberdunz, Garth Miller, Wenzel Binder, Jr., Betty Lamb, Orville Tollard, Virginia Tollard, Marvin Tollard, Donald Tollard, Betty Bates, and Leonard Rice, for a total of \$137.20

On investigation the Committee on Education has found that the above named, with the exception of the Tollard children, were county-at-large charges during this time and therefore recommends that these claims be allowed with the exception of such part as was accrued in behalf of the Tollard children, (1) in the amount of \$298.08 for High School tuition and (2) in the amount of \$137.20 minus the \$17.36 accrued for the Tollard children, or \$119.84 for Grade School tuition, for a total sum of \$417.92

Your Committee on Education respectfully recommends the adoption of the following resolution:

Now, Therefore, BE IT RESOLVED by the County Board of Winnebago County, Wisconsin, that the claims for tuition of the Board of Education of the Village of Omro, Wisconsin, be allowed in the sum of \$417.92 and that this amount be paid to the treasurer of the Board of Education of the Omro Village Schools, District No. 5.

PRINTING COMMITTEE—BOARD PROCEEDINGS

The following Report No. 21 was read:

TO THE HONORABLE BOARD OF SUPERVISORS OF WINNEBAGO COUNTY, WISCONSIN:

Gentlemen:

Your Committee on Printing has had under consideration a letter of May 6th, 1941, addressed to Arthur E. Hedke, County Clerk, from the Oshkosh Daily Northwestern, by O. J. Hardy, President, offering to print the proceedings of the Winnebago County Board for the price of \$1.00 per folio. The Committee is advised that it is necessary for the Oshkosh Daily Northwestern to sublet the contract for printing the booklet form proceedings to the Globe Printing Company; that the Oshkosh Daily Northwestern will furnish 75 copies after each session and at the end of the year will complete the book of all of the sessions, and print 200 additional copies, with index, at a price per page of \$1.17; that 75 bound copies of the report of each session will be furnished to the County Board after each session, except the last session, after which last session 200 bound copies will be furnished the County Board and the said last copy will include not only the last session, but all the sessions during the year.

The Committee is further advised by Mr. Hardy that the Oshkosh

Daily Northwestern proposes to make no profit on the bound copies, but will furnish the Globe Printing Company with the type free of charge so that the Globe Printing Company can print the proceedings from said type used in the newspaper, and enabling the Globe Printing Company to make the bid of \$1.17 per page to the county.

The Committee has also examined the letter from the Globe Printing Company, addressed to Mr. Hardy, agreeing to perform printing of the bound copies at said price of \$1.17 per page.

Your Committee respectfully recommends that the County Board accept the offer of the Oshkosh Daily Northwestern, and recommends the passage of the following resolution:

BE IT RESOLVED by the Board of Supervisors of Winnebago County, Wisconsin, that the contract for printing a certified copy of all the proceedings had at any meeting, regular or special, of the Winnebago County Board for the ensuing year, be awarded to the Oshkosh Daily Northwestern for its bid price of \$1.00 per folio, and

INVESTMENT CEMETERY FUNDS

The following Report No. 3 was read:—
 TO THE WINNEBAGO COUNTY BOARD OF SUPERVISORS.

Gentlemen:

Your Investment Committee, pursuant to call of the County Treasurer, met at the Courthouse, Saturday, June 14. The Treasurer advised the committee there was approximately \$20,000.00 of uninvested money in the Cemetery Perpetual Care Fund, and that he had called the committee to determine what investment to make that would be most advantageous to the county.

After careful consideration, it was moved by Mueller, second by Howley that the committee recommend this money be invested in Defense Series G U. S. Savings Bonds. Motion carried.

The Treasurer advised the committee that the county already owned \$30,000.00 in U. S. Treasury Bonds 2½s 55-60. These bonds have been purchased near par value and that the market value was \$111.00 per \$100.00 bond. If these bonds were sold, the net profit to the county would be about \$2,700.00

The question arose as to the advisability of disposing of these bonds and reinvesting in other lower-priced Government bonds Moved by Howley, seconded by Mueller that the matter of selling and reinvesting \$30,000.00 in government bonds now in possession of the county be referred to the County Board at the next session. Motion carried.

The County Board of Supervisors of the County of Winnebago do ordain as follows:

SECTION ONE

Definitions.

(1) **VEHICLE.** Every device in, upon, or by which any person or property is or may be transported or drawn upon a public highway, excepting vehicles used exclusively upon stationary rails or tracks.

(2) **MOTOR VEHICLE.** Every vehicle, as herein defined, which is self-propelled.

(3) **OPERATOR.** Any person who is in actual physical control of a vehicle.

(4) **HIGHWAY.** A highway is every way or place of whatever nature open to the use of the public as a matter of right, for the purpose of vehicular travel.

(5) **OTHER WORDS DEFINED.** Any

words or expressions hereinafter used in the within Ordinance, which are not hereinbefore defined in this section, and which are given a definition by Section 85.10 of the Statutes of Wisconsin for 1941, and the various subsections thereof, shall, for the purposes of this Ordinance, have the definitions given to them by Section 85.10 and appropriate subdivisions of the Wisconsin Statutes for 1941.

SECTION TWO

Operation by Intoxicated Persons or Users of Narcotic Drugs Prohibited

It shall be unlawful for any person who is an habitual user of narcotic drugs, or who is subject to epilepsy, or any person who is under the influence of intoxicating liquor or narcotic drugs, to operate any vehicle upon any highway.

SECTION THREE

Reckless Driving.

It shall be unlawful for any person to operate any vehicle upon a highway carelessly and heedlessly, in willful or wanton disregard of the rights or safety of others, or without due caution and circumspection, or in any manner so as to endanger or to be likely to en-

danger the property, life or limb of any person, or without due regard to the traffic, surface, width of the highway, and any other condition of whatever nature then existing.

Penalty. Any person violating any of the provisions of Section Two or Three of this Ordinance, shall be deemed guilty of a misdemeanor, and upon conviction thereof, in addition to any other penalty provided by law, shall be punished by a fine of not to exceed \$100,000, or by imprisonment in the County Jail for not more than six months, or by both such fine and imprisonment; and for the second or each subsequent conviction within one year thereafter, such person shall be punished by a fine of not to exceed \$200.00, or by such imprisonment not to exceed one year, or by both such fine and imprisonment, and such punishment shall be in addition to any other penalty provided by law.

SECTION FOUR

LIGHTING EQUIPMENT ON VEHICLES

(1) **ADEQUATE LIGHTING EQUIPMENT REQUIRED.** No motor vehicle shall be operated upon or occupy any public highway unless such vehicle is provided with sufficient lights, as required by this section, provided, however, that the motor vehicle department, after a public hearing thereon duly noticed by publication at least once in the official state paper, is authorized to fix reasonable and uniform standards for lighting equipment for tractors, motor trucks, road graders and other road machinery and equipment used for and engaged in maintaining public highways, and lights in accordance with such standards may be used on such vehicles, road machinery and equipment in lieu of the lights otherwise required by this section. All head-lights, tail lights, clearance lights and lights on road machinery required by this section shall be kept lighted from one-half hour after sunset until one-half hour before sunrise.

(2) LIGHTS REQUIRED.

(a) **HEADLIGHTS.** Every motor vehicle in use on the public highways except motorcycles shall be equipped with at least two headlights in good working order. Such headlights shall display a white light of sufficient illuminating power under normal atmospheric conditions to reveal any persons, vehicles, or substantial objects two hundred feet ahead of the headlights. Motorcycles shall be equipped with at least one such headlight.

(b) **TAIL-LIGHTS.** Every motor vehicle, when in use or parked upon, or immediately adjacent to, the traveled portion of the highway, shall display on the rear at least one lamp so constructed and placed as to show a red light from the rear plainly visible under normal atmospheric conditions from a distance of five hundred feet to the rear of such vehicle. Reflective signals approved by the motor vehicle department may be used in lieu of tail

lights on trucks, trailers, and semitrailers not electrically equipped, and on parked vehicles, except as provided in paragraph (d) of this subsection.

(c) **CLEARANCE LIGHTS.** Every motor vehicle having a width at any part in excess of eighty inches shall carry two clearance signal lights on the left side of such vehicle, one located at the front and the other located at the rear of the vehicle. Such lights shall show a green, blue or amber light to the front and a red light to the rear. Reflective signals approved by the motor vehicle department may be used in lieu of rear clearance signal lights but the center of such signals shall not be more than forty-eight inches above the roadway. The foregoing requirements for clearance lights shall not be applicable to tractors, motor trucks, road machinery and equipment engaged in and used for maintaining public highways where such vehicles or equipment is lighted in accordance with the applicable standards promulgated by the motor vehicle department.

(d) LIGHTS TO PROTECT AGAINST STATIONARY VEHICLES.

No person shall, during any period of time from one-half hour after sunset to one-half hour before sunrise, permit a motor truck, truck tractor, trailer or semi-trailer to stand upon any traveled portion of a highway outside of or flare placed on the extreme left side of the vehicle and by lights placed approximately one hundred twenty-five feet to the front and rear of the vehicle, to clearly indicate the presence of such vehicle. Such flares or lights shall be kept burning the entire time such vehicle is left standing. Every such vehicle operated on the highways shall be provided at all times with the flares or other lights required to comply with this subsection.

(e) **AUXILIARY LIGHTS.** If any vehicle is equipped with any auxiliary lights in addition to headlights, except a tail-light, such lights shall be subject to all the restrictions governing the use of lights and, except in the case of emergency vehicles or road machinery, shall not show a red light to the front of the vehicle.

(f) **SPOT LIGHTS.** No spot light shall be used as an auxiliary driving light on any motor vehicle operated on the highways of this state except when such spot light is set or adjusted so that the rays of light shall be projected directly on the road surface at a distance not exceeding one hundred feet directly in front of the motor vehicle using such spot light and to the right of the center of the traveled way.

(g) **ROAD MACHINERY: LIGHTS REQUIRED.** No tractor, motor truck, road grader, road drag or other piece of road machinery used in road construction or maintenance shall be used upon any public highway in this state which is open to traffic by the public unless such machinery shall carry at least two red danger signals in the daytime and at least two red signal lanterns or lights in the nighttime. Such

signals and lights shall be so displayed as to give adequate warning of the presence of such machinery and to show safe clearances for passing vehicles. In lieu of such signals, lanterns or lights, such vehicles, machinery and equipment may be marked, designated and lighted in accordance with the standard method of marking and lighting such vehicles as promulgated by the motor vehicle department.

(h) **DEPRESSING HEADLIGHTS TO AVOID BLINDING DRIVERS.** Every person operating or driving a motor vehicle on the public highways shall, when approaching, and about to pass, any other person operating or driving a motor vehicle and traveling in the opposite direction, dim, depress or tilt the front headlights on his motor vehicle, so that the rays projected therefrom will not blind the person whom such driver is approaching and about to pass. Sufficient light to see objects for seventy-five feet ahead of the vehicle shall be maintained. This paragraph does not apply to vehicles equipped with acetylene or similar gas lights.

(i) **LIGHTS ON NON-MOTOR VEHICLES.** From thirty minutes after sunset until thirty minutes before sunrise, no vehicle, other than a motor vehicle, shall be driven upon or occupy any public highway unless a light, or in lieu thereof a reflective signal approved by the motor vehicle department, is displayed on or from such vehicle so that it may be readily and distinctly seen from behind such vehicle.

(j) **LIGHTS ON BICYCLES.** Every bicycle, operated upon a public highway during any of the time between one-half hour after sunset until one-half hour before sunrise, shall be equipped with a lamp on the front exhibiting a white light visible from a distance of at least five hundred feet to the front and with a lamp on the rear exhibiting a red light visible from a distance of five hundred feet to the rear, except that a red reflector approved by the motor vehicle department may be used in lieu of a rear light.

SECTION FIVE

ACCIDENTS ON HIGHWAYS

(1) ACCIDENTS INVOLVING DEATH OR PERSONAL INJURIES.

(a) The driver of any vehicle involved in an accident resulting in injury to or death of any person shall immediately stop such vehicle at the scene of such accident or as close thereto as possible but shall then forthwith return to and in every event shall remain at the scene of the accident until he has fulfilled the requirements of subsection (3) of this section. 1941 PRELIMINARY COUNTY FAIR REPORT

The following Report No. 42 was read:
To the Honorable, the County Board of Supervisors
of Winnebago County Wisconsin.
Gentlemen:

Herewith follows my 23rd Annual Preliminary Report of the Win-

nebago County Fair & Exposition. The final report will be the Auditor's Report, which will be filed in the County Clerk's office when completed later in the year.

The 1941 Winnebago County Fair was perhaps the most successful in the history of the organization, the cooperation from all sources being complete, even to the weather man. With new educational features, and many new and novel attractions, this year's event presented a wide and varied appeal to fair patrons. Our main objective was to emphasize the educational features and at the same time furnish good, wholesome recreation. High-class attractions served as a magnet to draw many thousands of people to the Fair, who were bound to absorb many of the educational benefits. Our 1941 Fair was truly the show window of Winnebago County and agriculture and industry did an excellent job in joining hands to stage this fine show combining displays from both farm and factory.

Among major expenditures were premiums paid, which amounted to \$5,490.79. Of this amount \$1,427.00 was spent for premiums in Junior Farmer Dept. and this money was not spent in vain, as they staged the best Junior exhibits in the history of Winnebago County. The new 4-H Club Dormitory met a long-felt want of junior farmers, their parents and Club Leaders and proved its true value from every angle. This new building, along with the Judging Pavilion, has proved to be a big factor in helping to emphasize the educational side of the Fair. Other sizeable amounts paid from the premium total were: \$910.00 for Cattle, \$763.00 for Swine, \$656.00 for Horses, and \$534.00 to the schools of Winnebago County. In addition to the \$5,490.79 spent for premiums, other sizeable expenditures were: \$3,800.00 for Speed Dept., \$4,693.45 for police, gates and other labor, \$1,871.61 for maintenance of buildings and grounds, \$3,900.00 for Attractions, \$8,471.65 on Plant and Equipment, \$1,762.57 for Advertising, and \$908.54 for Water, Light, Power and Sewerage Disposal. Other amounts paid out for Judges, Superintendents, Printing, clerical help, watchmen, music, premium ribbons and badges will be classified by the auditor in his final report. It will be filed with you as well as the state department, as has been the usual custom, later in the year.

Col. J. B. Schneller of Neenah who had charge of Midway Attractions reported \$1,608.53 as our percentage on shows and rides, which with other concessions collected would make a total of \$5,456.97 for all concessions. Assistant Geo. Ryf reported \$535.55 collected for Stall and Pen fees. Treasurer Carl Fugleberg reported \$15,361.00 in Ticket Sales. While expenditures amounted to much more for 1941, receipts were also much more and it is estimated that the auditor will show a net profit of not less than \$2,500.00 for the year. This will take care of maintenance and preliminary preparations for the 1942 Fair and it is not necessary to ask the County Board to appropriate any funds for these purposes for the coming year.

The maintenance of buildings and grounds has year-around attention. Two buildings have been given a coat of paint and repair, since the last fair. Some buildings are painted and repaired and roofs coated every summer. By exercising eternal vigilance in this matter of maintenance, our fair plant presents a wonderful appearance to the public and has gained the reputation of being the best "kept-up" county fair-grounds in the Midwest, which is a real credit to Winnebago County.

The County Fair Committee of the County Board of Supervisors attended all the Fair Board meetings and rendered valuable assistance. Much credit is due all the individuals and organizations that have given most excellent cooperation in making the 1941 Fair a big success. Trusting that this fine spirit of cooperation may continue in the future, I respectfully submit this preliminary report.

TAYLOR G. BROWN
Secretary Fair.

MEDIATION BOARD REPORT

The following Report No. 43 was read:
TO THE BOARD OF SUPERVISORS OF WINNEBAGO COUNTY,
WISCONSIN:—
Gentlemen:—

Your Board of Mediation, from November 1st 1940 to October 24th, 1941, has conducted 24 hearings, and made 23 reports on the same.

Your Board of Mediation in reality acts as a friend to the court. We hold a hearing to ascertain the facts in each case, and, under the law, must pay a visit to the property being foreclosed, and then recommend to the Court what we think should be done.

In the past year after hearings we have submitted recommendations involving the appointment of guardians and receivers, extension of time, holding the action in abeyance and recommending that action should proceed according to law. Your Board of Mediation has in no case invoked the power of subpoena.

At this time your Board of Mediation wishes to express its approval of the fair and impartial way that members of the Winnebago County Bar have presented their cases before us

TOWN OF ALGOMA TAX REFUND

The following Report No. 44 was read:
TO THE BOARD OF SUPERVISORS OF WINNEBAGO COUNTY:—
Gentlemen:—

Your Committee on Equalization has under consideration the resolution that the proper officers of Winnebago County be authorized to pay out of the General Fund, to the Town of Oshkosh, a sum of money equal to what the general town tax and school tax would be on the county-owned lands in the Town of Oshkosh if such lands were privately owned, consisting of 525 acres. The resolution bases the value of the 525 acres of land at \$88.85 per acre.

This committee feels that this valuation is proper in comparison with the surrounding property, and would recommend that the basis of \$88.85 per acre be used.

The Committee recommends that the resolution be adopted to allow a refund on the basis of \$88.85 per acre, and recommend that the resolution be changed to read "consisting of 525 acres, valued at \$46,646.25."

SALARIES REPORT

The following Report No. 45 was read:
TO THE HONORABLE BOARD OF SUPERVISORS OF
WINNEBAGO COUNTY:—
Gentlemen:—

Your Bonds and Salaries Committee beg leave to report that they have had under consideration the petition of the employees of Winnebago County for temporary raise, and your committee, after due deliberation and considerable thought and discussion recommends the pay increases which follow.

The attention of the County Board is directed to the fact that the employees of the Pension Department now have their own Salary Schedule, which is separate and distinct from that of the other employees, and for that reason those employees are not included in the following list.

The Board's attention is further directed to the fact that the County Bookkeeper and each of the two assistants to the County Treasurer have recently received an increase in pay, and for that reason no increase is recommended at the present time.

This report does not take into consideration any of the heads of departments, whether the officer concerned be elected by the public or appointed by the County Board or otherwise. It only considers the employees. The Committee feels that consideration of salaries of heads of departments and elective officers should be handled separately, and can be taken up if the Board sees fit at a later date.

Your Committee feels that the Salary Schedule heretofore adopted by the Board and now in force should be continued, as it was carefully thought out at the time it was adopted, and that the pay in-

creases hereinafter recommended should inasmuch as they modify said Salary Schedule heretofore in force.

The recommended pay increases are as follows:—

Deputy County Clerk	\$5.00
Stenographer to County Clerk	5.00
Deputy County Treasurer	5.00
County Stenographer	5.00

TO THE COUNTY BOARD OF SUPERVISORS OF WINNEBAGO COUNTY:—

Gentlemen:

Your Committee on Bonds and Salaries begs leave to report that it has had under consideration the petition of employees of Winnebago County for a restoration of pay cut. Your committee has made investigation of this matter and finds that it will require more time to give this matter the consideration which the circumstances justify.

WHEREAS, it is impossible, in many instances, now or at any time in the future, to anticipate that expenditures will have to be made from time to time, inasmuch as they are emergency expenditures, and the requirement that they be made will arise without notice and without opportunity to call the County Board together, and

WHEREAS, Winnebago County is desirous of cooperating with our country in its war effort.

INSURANCE COMMITTEE REPORT

The following Report No. 2 was read:
TO WINNEBAGO COUNTY BOARD OF SUPERVISORS, OSHKOSH,
WISCONSIN:

Gentlemen:

Your Insurance Committee respectfully report they have followed out instructions of the County Board and have investigated the feasibility of Winnebago County adopting a self-insurance plan.

The committee has held two meetings and called in representatives of Winnebago County Insurance Underwriters Association and Employers Mutual Insurance Company of Wausau for information and discussion purposes.

The committee feels it would not be good policy for the county to self-insure for the following reasons:

1. Under any plan evolved for Workmen's Compensation the county would be required, by statutory provision, to assume liability for the first \$10,000.00 in each individual claim. A contract in excess of this amount could be written for a premium of approximately \$400.00, but it would be an exceptional claim that would exceed the county's liability of \$10,000.00.

2. It would be necessary for the county to maintain an office and appoint a qualified and experienced person for claim adjustments which must necessarily be approved by the Wisconsin Industrial Commission. This would entail an undetermined expense for the county.

3. There is an unanswered question as to the legality of the county self-insuring for Fire and Windstorm. County buildings such as fair-ground buildings and County Home and Asylum are considered hazardous risks by insurance companies and should be considered in the same light by the county. A loss could run to a tremendous figure, making necessary replacement a burdensome tax problem.

4. The county would be deprived of the services now extended by the Insurance Underwriters Association such as payment of costs of certain fire runs, central collection and distribution of premiums under

an equalized plan, adjustment of claims and valuable information and advice.

5. Non-ownership insurance and personal liability and property damage are items where losses might be large. Claims could arise from injured county officials or individuals which might entail a lengthy settlement procedure proving expensive to all parties concerned

6. The table of experience of premium costs as it relates to losses shows insurance costs for approximately the last ten years have exceeded losses, but there have been no extreme losses or claims.

In view of the above information, the committee recommends the passage of the following resolution:

BE IT RESOLVED by Winnebago County Board of Supervisors, that the question of Winnebago County adopting a self-insurance plan be indefinitely postponed for the reasons as set forth in the accompanying report.

PUBLIC BUILDING COMMITTEE—RE. CO. PROPERTY

The following Report No. 4 was read:

TO THE HONORABLE COUNTY BOARD OF SUPERVISORS OF WINNEBAGO COUNTY, WISCONSIN:—

Gentlemen:—

Your Public Buildings Committee begs leave to report that they have had under consideration the resolution of the Common Council of the City of Oshkosh, wherein the said city requests the County Board of Winnebago County to transfer title of some property situated at the Southwest corner, at the intersection of Jackson Drive and Church Street, in the City of Oshkosh, for the purpose of cutting back the corner of said intersection in order to provide for a larger curve from Church Street onto Jackson Drive.

Your Committee further advises that in the opinion of the committee it is for the best interests of the Public that the Southwest corner of the intersection be cut back somewhat, and the Committee feels that it will remove much of the traffic hazard at said corner if this is done. The Committee further reports that they have contacted the city officials of the City of Oshkosh with relation to the question as to whether or not the city will lay a new sidewalk, curb, and gutter at that corner at city expense, and the Committee further reports that they have, in their possession, and which they file herewith, a letter from George Oaks, Mayor of the City of Oshkosh, to Fred Wolverton, City Engineer, dated February 6th, 1942 in which the Mayor states, with respect to this matter, as follows:—"I hereby authorize the engineer to include in the transfer of the property involved, in addition to what has already been mentioned, a statement to this effect,—The City of Oshkosh will lay a new sidewalk, curb and gutter on the property involved at no expense to the county."

That upon receipts of assurance from the city, as aforesaid, the Committee has come to the conclusion that it is for the best interests of the county that the title to the property in question be transferred to the City of Oshkosh, as requested by the resolution of the City of Oshkosh, which was the basis of the request.

STEIDL MINORITY REPORT

The following Report No. 5 was read:

Honorable Board of Supervisors, Winnebago County, Wis.
Gentlemen:

In the matter of the petition of the City of Oshkosh Wis. requesting Winnebago County to deed to the said City sufficient land to enable the said City to round off the southwest corner of Church St. and Jackson Drive in return the City paying for the curb and gutter and such other items as are necessary to effect the reshaping of that corner I beg leave to submit a minority report.

I feel that in as much as no attempt was made by the City of Oshkosh prior to the purchase of this property by Winnebago County, to make such changes in this corner as is contemplated by the petitioners, that under the circumstances, if the City of Oshkosh desires this land that the matter should be conducted by an outright sale by the County to the City of the amount of land necessary to effect the city's purpose. After such sale the County would then be in the same position as any other Taxpayer as concerns the cost of special improvements. In other words let us keep this on a business basis. The matter can easily be conducted on this basis if it is deemed advisable by the County to sell.

Another factor to which I object to is the supposition that this corner if rounded off would improve safety of traffic conditions at

this corner. I feel that it would constitute an additional hazard. It would increase the distance that a pedestrian either north or south bound would have to travel to cross this intersection. The very short distance between the northern edge of the driveway outlet from the county property to the southern line of the proposed relocation of this corner would require a pedestrian to watch for cars emerging from our parking lot and at the same time keep an eye on traffic rounding Church St. heading south on Jackson Drive, besides watching traffic southward bound, on Jackson Drive. It would tend to speed up the motorist and work to the detriment of the pedestrian and thus endanger both. The present arrangement is such that it enforces caution on the motorist and thus lends additional safety to the pedestrian. In addition to this, with all the present curtailment of motor traffic it seems that this matter can be left as it is.

Respectfully Yours
H. C. STEIDL
Sup. 5th Ward Menasha Wis.

HUSK OR KERNEL?

It is not an easy matter to make one's way in a world that is full not only of things, but of complicated relations between them. We find ourselves in the midst of causes and effects. And our greatest problem is to disentangle them. Some spend their lives on the preliminaries. They give themselves to the pressing rather than to the important. The trouble is that they have not learned how to select. But intelligence or the lack of it is shown in what one selects as worth doing. In the days when the silver question was of paramount political importance, an old farmer was approached upon the subject of bimetalism and asked which metal he most approved. "Wal," he replied, "I don't know as I kin tell, but if I stand around argyin' I'm pretty libble not to get either of 'em."

We waste too much time on unessentials. We worry too much about the outcome of things over which we have no control. We cease to saw wood in order to join the chorus of calamity howlers. Then when things go wrong for us personally we believe we are the victims of circumstances. We do not like to contemplate our past mistakes and acknowledge that we are merely the victims of our own ill considered selections. When we learn to follow certain definite reasons and not act on personal whim or prejudice, we have discovered the

fundamental principle of progress. The intelligent man, once he becomes conscious of this principle, is in line to conquer any fate he may have brought upon himself. The kernel lies within the husk and it is up to us to master the rules of selection which will enable us to find it.

We need to get a certain perspective on what is taking place in the world. Otherwise we will be hampered in our selection by fear. When we take a long look about us, we see that great principles are working themselves out slowly but surely. Human nature does not change. Someone has said that a democracy is like a raft. And even though those on board get their feet wet now and then, they can't sink.

S. & C. COM.—COUNTY AMBULANCE SERVICE

The following Report No. 9 was read:
TO THE BOARD OF SUPERVISORS OF WINNEBAGO COUNTY,
WISCONSIN:—
Gentlemen:—

The Sheriff & Corner's Committee beg leave to make the following report relative to ambulance service in Winnebago County. At the present time the Miller Cab Company is furnishing ambulance service on a mileage basis, and the charge is collected from the person to whom the services are rendered, wherever possible and where uncollectible paid by Winnebago County.

The Committee has been advised by Mr. Miller that he has an offer to sell the ambulance to the City of Kaukauna, and is unable to furnish ambulance service to Winnebago County on the present basis. He stated that he either wants a contract for \$2,500 per year for ambulance services in Winnebago County, he to attempt to collect all collectible items, and refund the same to Winnebago County, or a contract at \$1,500.00 per year, and he keep all items collected, in addition to the sum of \$1,500.00.

The Committee, at the present time has not gone into the legal question as to whether or not the County of Winnebago can enter into such a contract, or the liability of the county in case of suits resulting from the use of this ambulance service. The Committee feels that these questions should be answered prior to making any deal for ambulance service of any kind. The Committee, feels, however, that in view of the fact that Mr. Miller desires to sell said ambulance, some indication as to the intention of the Board should be expressed at this time to guide the Committee in its dealings for the furnishing of ambulance service to Winnebago County in the future. It is requested that the Board take some definite action, or give some definite instructions to this Committee.

WHEREAS, the support of High School education in Wisconsin is now paid almost entirely by village and rural (tuition) property taxes, the present state aid providing 6 or from 8 to 15% of the cost of maintaining the High Schools of the State, as compared to 45 to 55% State support given the elementary schools, and

WHEREAS, since High School education is now compulsory by Statute to age 16 in districts which do not maintain a High School, and 18 in districts which maintain a High School, and is generally recognized as a responsibility of the State, and

WHEREAS, the present system of state aids to High School is inadequate for the purpose of providing equal educational opportunity as required by Statute as listed above, to children living in certain less prosperous areas of the State, which may in all likelihood, result in preventing rural children from receiving a High School education.
