IMPROVEMENTS

There have been several important improvements made about the institution during the past year.

The three receiving pumps, put in last year, gave us so much satisfaction, that we have placed one more this year to take the return from laundry and kitchen. It is giving good satisfaction. Size, 6x4x6; cost, \$150.

The steam pump which supplied the institution with water was too small, and we have replaced the same with a larger one. Size, 14x8x12, at an expense of \$553.23; complete with fittings, etc.

The water from asylum building roofs has been conducted into the large cistern under laundry, so that hereafter we will have an exhaustless supply of soft water for laundry purposes, which is one of the desirable things we have never had before.

The dry room has been rebuilt in accordance with modern plans and is everything that could be desired. Cost complete, \$252.31.

Three hundred feet of new hose, to take the place of the old and defective line, has been installed, also hose carts for same and it makes our fire equipment more effective.

The asylum building has been rewired for electric lighting, owing to the fact that we considered the old wiring defective and dangerous if required to carry sufficient voltage for good lighting. Total cost of rewiring asylum building, including labor, material, etc., \$783.70.

We invite a careful inspection of the above mentioned improvements, believing you will recognize the necessity therefor and their efficiency.

Following is a detailed statement of the \$1,000.00 appropriation made to Trustees and Com. on Insane for repairs, etc.:

#### COUNTY PHYSICIAN'S REPORT

County Physician Frank Brockway read his report as follows:

*To the Honorable Board of Trustees of the County Asylum and Board of Supervisors of Winnebago County, Wis :*

Gentlemen:—I herewith respectfully present to you my report as County Physician for the fiscal year, ending July 1st, 1905.

#### COUNTY ASYLUM.

I have visited this institution regularly twice a week and have made special calls whenever necessary.

During the first three months there was little sickness, nothing of a very serious nature, and no deaths.

In the second quarter we still had comparatively little sickness, although we had two deaths, one, an aged man died of a stroke of paralysis, and the other from chronic consumption. There was one accident, a broken leg during this period.

The third quarter of the year being the winter months there was considerable sickness. There were seven deaths during this period, four of them being in the month of March. One of these deaths was caused by chronic epilepsy, one by accident, one by debility, due to old age, one by parietic dementia, and three by consumption.

The last quarter of the year was a healthful one for the inmates. For a period of seven weeks during this quarter, with the exception of one bed-ridden patient, there was no one in the institution sick in bed. There were no deaths during this quarter. You will notice from this report that the most of the illness and the greatest number of deaths, occur in the winter and early spring months, when the inmates are necessarily confined in doors. This does not mean that the building is unsanitary, but that the confinement weakens the power of the body to withstand the ravages of disease. The patients have been given all the outdoor exercise possible during the whole year. I wish to call your attention particularly to the fact that about fifty per cent of the deaths during the year were caused by consumption. This disease will probably continue to be a fruitful cause of death in this, as well as other similar institutions, for the reason that the weakened bodies of many of these unfortunates offer little resistance to infection by the germ.

However, I believe that, could we devise some means whereby we would be able to isolate these tubercular cases and keep them away from

the healthy patients, we might be able to control the disease to a greater extent. To accomplish this, some slight changes would be necessary in the interior of the asylum building, which I believe could be made at small cost.

The food for the inmates has been well selected, well cooked and nourishing, the beds and sleeping rooms kept in a cleanly condition, and the clothing clean and comfortable. The attendants have been kind in their treatment of their charges and have done all in their power for their good. The Superintendent and Matron in their watchful care and constant striving to better the condition of the inmates, have shown themselves to be very efficient in the work of caring for the patients committed to their charge.

The conduct of the institution throughout the entire year has been excellent.

I have visited the Poor House regularly twice a week, and have made numerous special visits. Although this building is old, it has been kept in good repair, and the comfort of the inmates carefully looked after. There is always a great deal of sickness in this institution, most of it being diseases incident to old age.

There were seven deaths during the year, six males and one female. There were two children born during the year, one of them living but a short time, it being diseased from birth. The other was taken and provided for by the Children's Home Society.

Under the supervision of the matron, Mrs. C. F. Apley, the inmates have been well cared for and given all the comfort possible in an institution of this kind. I have no recommendations to make regarding this institution, except that I wish to state that lighting the building by electricity, would, by doing away with the kerosene lamps, improve the sanitary conditions very materially.

#### THE COUNTY JAIL.

There has been comparatively little sickness at the jail during the past year, and nothing of a serious nature. While I have had frequent calls to prescribe for the prisoners confined there, it has always been for some slight ailment.

The building is sanitary, and the prisoners are well cared for by the sheriff and his assistants. Jailer Ritschke is deserving of a great deal of credit for the neat and cleanly condition in which he has kept the prisoners' quarters.

#### THE WORK HOUSE.

While there have been no sick calls to the Work House, I visited and inspected the institution several times during the year. I have invariably found everything to be in a cleanly and sanitary condition. The large experience and natural ability of the Superintendent makes him very efficient in caring for the men committed to his charge.

In closing, I wish to state, that the hearty co-operation with, and good will shown me, by those in charge of the county institutions and the members of the Board of Supervisors, has made my work pleasant and agreeable. For this I wish to express my sincere appreciation and to thank you most heartily.

Respectfully submitted,

FRANK BROCKWAY, *M. D.*

This with the Trustees' report was, on motion, accepted and referred to the Finance Committee.

Supervisor Kenny offered the report of examination of Municipal Court Docket which was referred to the Committee on Justice and Constables Accounts.

Chairman Lawson for Supt. Abrams of the Work House invited the members to a 6 o'clock dinner which was accepted with thanks

REPORT OF SUPERVISOR OF ASSESSMENTS.

Supervisor of Assessments, D. M. Shea, read his report, No. 4, as follows:

*To the Honorable the Board of Supervisors of Winnebago County:*

Gentlemen: Pursuant to Section 8, Chapter 445, Laws of Wisconsin, of the year 1901, I have the honor of presenting to you my fourth annual report.

This report will show in detail the value of a complete list of properties as estimated by me, and the values of the same pieces of property as

fixed by the several assessors in the respective assessment districts. The value fixed by me has been determined by actual sales in many instances: and in such cases, the consideration was verified by other information than that found in the recorded instrument. In other instances sales of adjoining or neighboring property of similar character were used to aid in arriving at the true value. In still other instances prices offered and refused, earning capacity, community opinion, and all the various means used by buyers, sellers, brokers or investors to determine values, were brought into requisition.

In substantially all cases an actual inspection of the property was made. The values fixed at the true value contemplated by the law, but are intended to be safe and conservative. The number of pieces taken in each assessment district is as large as could well be made in the time that could be spared for this branch of the duties of the office, and as could be examined with the required care. The number of pieces is thought to be sufficiently large to constitute a fair and safe basis of valuation in each assessment district. In the cities where a much larger number of parcels, and a greater variety in the character of the property is found, a much larger number of sample pieces were taken.

The tables will show the number of pieces taken in each assessment district in the county, the valuation found by me, and the assessment of the same pieces made by the local assessor for the year 1905.

The above remarks apply especially to real estate. The personal property problem is in many respects more difficult. Actual inspection is largely impracticable. Some forms of personal property cannot be seen at all: some is never found and never assessed. The same assurances of accurate results cannot be felt in the case of personal property that exists as to real property. This seems unavoidable.

It gives me pleasure at this time to express my deep sense of appreciation and gratitude to officers of the various towns, cities and villages for the cordial and helpful attitude they have shown toward the work of this office, and to myself personally. It seems to be fully felt, as it should be that the purpose of this office is to secure an equal measure of justice to all in the matter of placing the burden of taxation. If every citizen feels that the necessary taxes are justly and lawfully apportioned there will be nothing but satisfaction.

Few indeed are those of our fellow citizens who are unwilling to bear their just share of taxation if they are assured that they are required to bear no more than their just share. It is but a few years since every town, city and village had a system and a percentage of its own. Equalization was then a matter of guess-work, and sometimes of political trading and log-rolling, of which even the winning districts were not always proud. It is now well established that no just equalization can be made without a just assessment; and that no assessment can be just except the assessment at actual value.

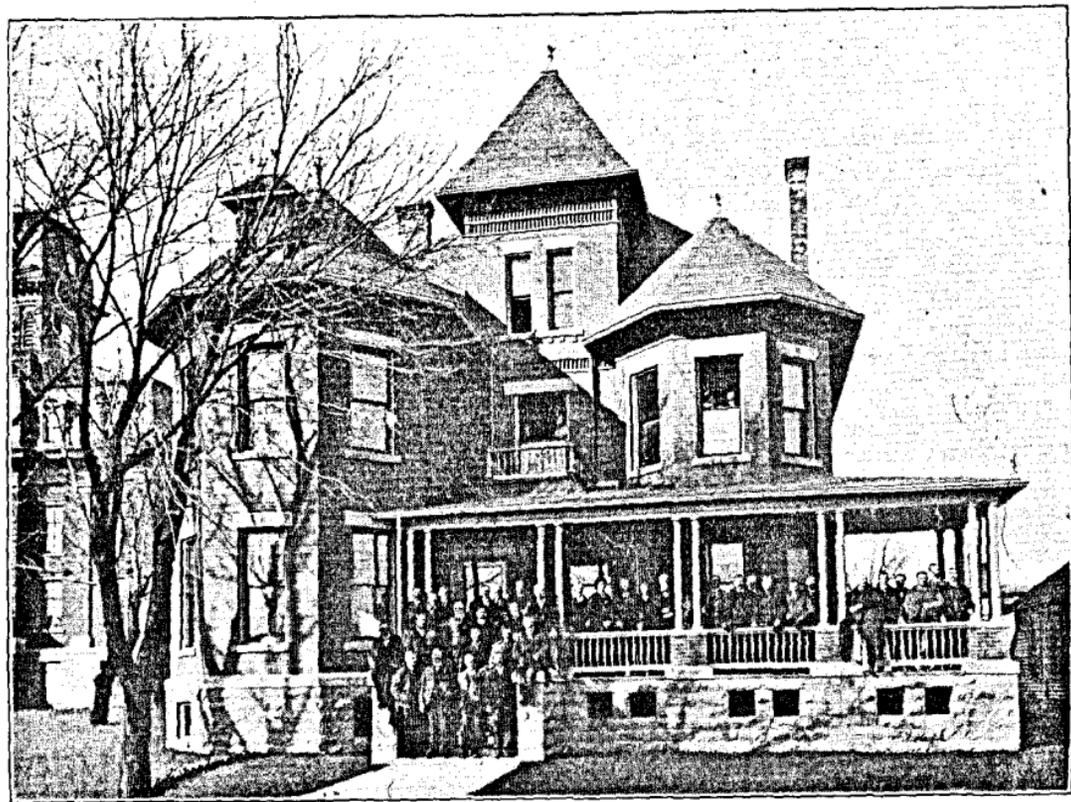

The cordial appreciation of these facts by assessors and other municipal officers is deserving of high commendation. The efforts that have been made, and that are being made to bring the assessments up from the old 30, 40 and 50 per cent assessments to true value in a half dozen years or less is remarkable, and has in many instances required a high degree of moral courage on the part of officers whose constituents did not always readily grasp the purpose of the new laws.

Three or four localities in this county might be named where the assessors are still clinging unduly to the old methods: but it is hoped that these will shortly be replaced by a new spirit of progress and fairness or by new and improved assessors.

I, D. M. Shea, Supervisor of Assessments in and for said county, do hereby certify that the accompanying tables 1 to 9, with special forms thereto attached, forming the statistical part of my report, constitute a true and correct statement and tabulation of the taxable property, real and personal in the several assessment districts of said county and the value thereof as ascertained from the assessment rolls of said several districts for the year 1905, together with a statement and tabulation of all taxable property in said several districts for said year and the market value thereof as determined by me.

#### REPORT OF WORKHOUSE COMMITTEE

Supervisor Kellogg offered Report No. 6 and Resolution No. 4 as follows:

*To the Honorable the Board of Supervisors of Winnebago County:*

Gentlemen: Pursuant to the provisions of Chapter 290, General Laws of 1895 and amendments thereto, known as the “Workhouse Law,” we have the honor to submit the following report for the year ending October 31, 1905:

In doing so we are pleased to note that during the year just closed nothing has occurred to detract from nor lessen the practical usefulness of the County Workhouse. The local management, under the experienced guidance of the superintendent and matron, Mr. and Mrs. Abrams, who have been at the helm from its inception to the present time, has been a sure guarantee of success. They have never for a moment relaxed their zeal and faithfulness to duty. By firmness and watchful care, complete discipline, cleanliness, humane treatment and sanitation have been main-

tained; all aiding in the conclusion that the workhouse has been and will be a continuous blessing to the taxpayers of the county; a panacea for and a protection from the "tramp nuisance" which menaced the county prior to its installation in 1896.

#### COUNTY PHYSICIAN

There have been no "sick calls," requiring medical aid during the year, but County Physician, Dr. Brockway, mindful of the importance of a proper sanitary condition of the workhouse and surroundings, has, in the line of duty, made several official visits thereto.

Your committee are of the opinion that during the coming year it will be necessary to repair the buildings and re-shingle the barn, and have therefore taken these facts into consideration in making our recommendation for repairs and contingencies.

At the November session, 1904, an appropriation of one hundred dollars was made for improvements, repairs and contingencies, from which the following expenditures have been made, to-wit:

Leaving an unexpended balance of forty and 80-100th dollars. The aforesaid bills have all been paid by county orders for which sworn detailed vouchers are on file in the office of the county clerk. We therefore recommend that there be appropriated for similar purposes aforesaid, the sum of two hundred and twenty-five dollars, (\$225), and to provide there-

for present the following resolution and recommend its adoption:

*Resolved:* By the Board of Supervisors of Winnebago County, That there be and is hereby appropriated, for the ensuing year, the sum of Two Hundred and twenty-five dollars (\$225) to be known as the Workhouse Repair and Contingent Fund, to be used for the purpose thereby indicated, or such portion thereof as may be required: same to be expended, under the direction of the Workhouse Committee, by County orders, issued upon sworn bills, duly authorized and audited by said Committee.

### SILO

Supervisor Kenny offered Report No. 7, as follows:

#### REPORT OF COMMITTEE ON POOR AND POOR FARM

*To the Honorable, the Board of Supervisors of Winnebago County:*

Gentlemen: Your committee on Poor and Poor Farm beg leave to report that by our last annual report we had overdrawn our appropriation and had a shortage of \$164.52; that we had given to us by the Finance Committee the sum of \$564.52, which, after balancing our shortage, left us \$400 to our credit as a Contingent fund.

By resolution of Supervisor Arnemann we were given \$1,102 insurance money and \$398 from the general fund, making a total of \$1,500 with which to build a Silo on the County Farm.

Pursuant to the resolution we proceeded to advertise for bids to build a silo with a double air space as directed and at a cost not to exceed \$1,500. On April 22, 1905, we opened bids as follows: O. C. Schoenfeld, \$1,414; Gill & Frank, \$1,428; J. B. Christiansen, \$1,435.

We let the contract to O. C. Schoenfeld, the lowest bidder, for \$1,414, to which was added \$4.80 to furnish cement for a stronger mortar than was specified for inside of Silo making the full contract price to be \$1,418.80. Paid Henry Anters for plans, \$10.00; John Williamson for specifications \$4.50, which, added to cost of Silo makes \$1,433.30, leaving a balance in silo fund of \$66.70.

We bought an Ensilage cutter and filler of the Blizzard make from Peterson & Jones for \$165.00, for which we paid the balance of our Silo fund, or \$66.70 and \$98.30 out of our Contingent fund, leaving on hand \$301.80.

POOR CONTINGENT FUND

Supervisor Nash offered Report No. 9 as follows:

*To the Honorable, the Board of Supervisors of Winnebago County:*

Gentlemen: I have to report, as required by resolution of this board providing a Poor Contingent Fund of two hundred dollars, (\$200), that I have paid out of said fund during my term of office the following amount:

November 8, 1905, six dollars, (\$6.00), for the board and clothing of the child of Mrs. Shoennerer for two weeks.

In explanation, I may state that on October 24th, County Judge C. D. Cleveland, informed me that Dr. W. A. Gordon of the Northern Asylum had informed him, as provided by the laws governing state asylums, that there had been born to Mrs. Shoennerer at that institution a child, and as provided the county must take the child and provide for its keeping or the state would provide for it and charge it back to the county. Thinking that the county could take care of the child with less expense than the state, I secured a home for it in this city and have notified the Children's Home Society who say that they will try to provide a home for it in the near future.

Respectfully submitted,

H. C NASH

ANNUAL REPORT OF COUNTY SUPERINTENDENT

Superintendent Overton offered his report, No. 10, as follows:

*To the Honorable, the Board of Supervisors of Winnebago County:*

Gentlemen: I beg leave to submit the following report of the schools of Winnebago county for the year ending June 30, 1905.

On June 30, 1904, the total money on hand in the various districts of this county was \$18,773.03. Total amount of district taxes raised was

\$18,831.98; taxes levied by the County Board, \$10,227.67; state money, after deducting library money, was \$10,119.39; from all other sources \$3,395.39, making a total of \$61,347.45 received during the year.

\$2,245.06 was paid out for building and repairing; \$424.47 for apparatus; \$4,237.50 for services of male teachers; \$28,647.95 for services of female teachers; \$733.02 for old indebtedness; \$272.27 for school furniture; \$641.26 for services of district clerks; and \$7,546.26 for all other purposes, making a total of \$44,748.44 expended during the year. In two districts there is a general indebtedness of a total of \$198.29, leaving an actual balance of \$16,599.01.

The total value of the buildings and sites in the county is, as estimated by the school clerks, \$102,830.00, and the value of the apparatus is \$7,485.00. These values are very far from being the true valuation. This valuation should be regularly fixed by some competent authority. This padded valuation gives rise to the idea that the schools are very much better off than they really are, to a person who is not posted on facts; and if, as sometimes happens, this person happens to be a member of a Committee of the Legislature you can easily see that we are not likely to gain by it.

The general condition of buildings and grounds is very good. Nearly all of our buildings are comfortable and ordinarily well lighted. All are well roofed and painted on the outside. About three-fourths of them are provided with hardwood floors. The furniture if we except 25 per cent of the schools is antiquated and out of date. A great deal of it is badly placed so that it is very harmful for growing children to sit at the desks. I can name whole schools that have not one pupil who is not more or less round-shouldered. I have made suggestions and expostulations to the school officers in vain. A great deal of work has been done to better the condition of the school outbuildings, but as much of this was misdirected the conditions are still not up to a good moral standard.

During the summer just passed three new buildings have been constructed and are now in use. Two of these are of the ordinary type, the third demands more than passing mention. It is constructed on the most approved plans as to convenience, ventilation, heating, and in lighting. In the latter point it is one of the very best rooms in the county. The district is to be congratulated on having for clerk a young man who is progressive in the extreme, and who looks to the needs of the district and measures their wants by a standard not governed by pennies.

#### INSTITUTE

The regular Annual Institute was held in the Normal Building in Oshkosh, July 31 to August 11. Prof. B. Mack Dresden was the leading conductor. He was assisted by A. W. Trettien and E. E. Sheldon. Ten males and ninety-two females were enrolled. The enrollment was closed at the end of the third day, and the stragglers were not given credit for attendance. The average daily attendance was 91.8; the average age of the

members was 21.3 years; the average experience of actual teachers was 22.8 months. Twenty-nine of those in attendance had never taught. Forty-seven had attended Normal, fifty high schools and five graded and county training schools.

This institute was the best organized of any we have had yet. The faculty met before the institute and thoroughly criticised each other's outlines of work. In consequence, no work was duplicated and no contrary directions were given. The meeting was in thorough working order at the close of the second day. The spirit throughout was excellent, and in my visits to the schools this fall I am seeing results.

#### CONVENTION OF SCHOOL OFFICERS

The laws of 1905 provide that there shall be an annual convention of the district officers of the county. Clerks must attend and the others may attend. They are paid per diem and mileage at the rate of three cents per mile. We have planned to hold this meeting in December. From the good that has come from similar meetings held in this county in past years I maintain that this was one of the very wisest school laws passed at the recent session of our Legislature.

#### TRANSPORTATION

Last year we made our first attempt at transportation of pupils. The excessive fall of snow, while it hindered the success of the experiment, gave us unquestionable data as to the feasibility of the plan. The results show that many of our smaller schools could be closed and the children taken to another school with monetary profit to the district and greatly increase the educational advantages of the pupils.

#### CHART AGENTS

During the last few days of July and the first of August an organized gang of sharpers started a canvass of the county, selling a set of something that purported to be the epitome of all that was required to be taught on the subject of Agriculture in the country schools. This gang got in two days work before I had knowledge of their presence, and one day more before a circular letter could reach the clerks. About a dozen districts were caught to the tune of \$47.50 each.

At a meeting held in this building the officers who signed the so-called orders organized, engaged counsel and prepared to fight the payment of any paper that had been given in the courts if necessary. The opinion of the lawyer engaged, and of the counsel for the officers of other similarly afflicted counties being almost unanimous that the paper could not be collected. The district certainly will not have to pay anything as the goods were not purchased at a regular board meeting, nor were they properly approved by the State or the County Superintendent.

#### LIBRARIES

We started to catalogue our school libraries last year. Some of our

more progressive teachers began the movement after receiving instruction at the institute in Library work. The result was that about twenty-five libraries were started, and of these at least ten were most excellently done. This was so encouraging that this year each teacher is required to catalogue her library and put in the card charging system. Up to date I have seen encouraging results. This plan will increase the efficiency of our libraries many fold. Since the introduction of the County Traveling Libraries we have been able to confine our selections to books that were of actual value and use in the school room, and now, with proper cataloging of the material at hand, we hope to accomplish excellent results in our Library Work.

#### CONCLUSION

During the past year we had an excellent corps of teachers who were well trained and enthusiastic. Our results will hold up well in comparison with those of any other year. The excessively bad roads of last winter completely demoralized many of our schools for the time being, and in some cases it took nearly all of the rest of the school year to recover from the effects of the breaking up of classes. This year, so far as I have visited, I see an excellent chance for our schools to make a record breaker of progress.

## OPINION OF DISTRICT ATTORNEY JACKSON.

To the Committee on Bonds and Salaries of the Board of Supervisors of Winnebago County:

Gentlemen: You have asked me whether, under the resolution heretofore passed at this session of the county board, the salary of the present sheriff and his deputies can be fixed by law and the present fee system of remuneration be done away with.

Chapter 217 of the laws of 1901 provides, among other things, as follows: "The county board of any county in this State may, at any time before or during the term of office of the sheriff, by resolution, change the method of compensating the sheriff, under-sheriff and deputies from fees now provided by law to salaries, provided, that whenever any county board so changes the method of compensating the sheriff, undersheriff and deputies and so fixes their salaries and the number of deputies, the same shall remain and be the salaries of the sheriff, under-sheriff and deputies; and shall fix the number of deputies during the term of the sheriff then in office, etc. Section 649 of the Revised Statutes provides that the salaries to be received by county officers, including county judge, shall not be increased or diminished during his term of office.

Section 26, of Article 4, of the constitution of the State of Wisconsin provides that the legislature shall never grant any extra compensation to any public officer, agent, servant, or contractor after the services shall have been rendered, or the contract entered into, nor shall the compensation of any public officer be increased or diminished during his term of office.

This last constitutional provision does not apply to county officers, but only to officers who receive a fixed salary from the State treasury.

Supervisors vs. Hackett, 21 Wis. 613.

State vs. Kalb, 50 Wis. 178.

Chapter 217 of the laws of 1901 must be taken as amending so far as the office of sheriff is concerned, Section 649 R. S. This chapter was in effect long before the present sheriff was elected to office, and, in my opinion he must be deemed to have taken the office with the knowledge that the county board had the power granted by Chapter 217 of the laws of 1901.

Unless this act is unconstitutional the county board has the power to change from the fee system to the salary system in remunerating the present sheriff and his deputies. As the sheriff and his deputies are paid out of the county treasury and not out of the state treasury I know of no good reason why this chapter is unconstitutional, and in my opinion the County Board of Winnebago has the power, by resolution, to change the present method of remunerating the present sheriff from the fee system to the salary system.

Respectfully submitted,

C. D. JACKSON

Supervisor Tuttle moved that action be deferred until 10 o'clock Tuesday, the 28th. Carried.

MINORITY REPORT

Supervisor Davis offered minority Report, No. 25, as follows:

*To the Honorable, the Board of Supervisors of Winnebago County:*

GENTLEMEN: We, the undersigned, members of the Equalization committee of said Board, object and earnestly protest against the adoption of the majority report. The said report is made up from

figures furnished by the Supervisor of Assessments. That the said supervisor of assessments has given Oshkosh a per cent of .4435. That the report raises the assessed valuation in the whole county the sum of \$2,611,856.00, and raises Oshkosh alone \$1,891,356.00, leaving only \$720,500.00 to be placed on all the rest of the towns and cities in the county. Why should Oshkosh stand more than .4435 per cent of the whole raise? There has been placed on the city of Oshkosh the sum of \$732,998.00 more than the .4435 per cent of the total in the whole county; while Menasha has a per cent of .0553 there has been placed on Menasha the sum of \$37,712.00, less than .0553 of the whole raise.

That the Supervisor of Assessments, for example, reports that the assessors of Oshkosh and the assessors of Menasha have been assessed practically, on the same percentage; while the supervisor of assessments has raised Oshkosh over .09 per cent and Menasha only .039 per cent. That other districts have not been raised in proportion to Oshkosh, and we believe that the report is unjust and inequitable, and beg your honorable body to inquire into the method of making up this report.

#### ILLEGAL ASSESSMENTS

Supervisor Lueckenbach offered Report No. 30, as follows:

*To the Honorable the Board of Supervisors of Winnebago County:*

Gentlemen:—Your Committee on Illegal Assessments beg leave to report that they have had under consideration the following petitions for cancellation of tax certificates, to-wit:

The petition of E. W. Thomas for the cancellation of certificates as follows:

No. of Certificate, 125; Year of Sale, 1900; Amount, \$39 00.

No. of Certificate, 120; Year of Sale, 1901; Amount, 39 00.

No. of Certificate, 104; Year of Sale, 1902; Amount, 33 94.

No. of Certificate, 114; Year of Sale, 1904; Amount, 21 62.

affecting the following described lands, to-wit:

A piece of land 30 feet north and south, by 80 feet east west, north of and abutting on lots 173 and 174, block "B"; bounded on the west by Washington street, Town of Island, Third ward, Menasha. The petitioner represents that said tax certificates are illegal and void for the reason that the tract of land above described was, at the time of assessment of said tax and sale of said certificates, the property of an Electric Street Railway Company, compelled by law to pay an annual license fee based on its earnings and exempt under the general tax law, under the provisions of Section 1222, C D E of the Wisconsin Statutes of 1898, as amended by Chapter 254 of the Wisconsin Session laws of 1899, and Chapter 197 of the Wisconsin session laws 1903, and Chapter 493 of the Wisconsin session laws of 1905, viz: Section 1184 of the Revised Statutes of Wisconsin and the amendments thereto.

That the said described property was, at the time of the sale of said certificates, the property of the Wisconsin Traction, Light, Heat & Power Company, an electric railway corporation, subject to the payment of a license fee in lieu of general taxes, as provided in the above mentioned section of the Wisconsin Revised Statutes.

Your committee, on examination of the facts relating to said tax certificates, find that the allegations as set forth by petitioner are true and would recommend that said tax certificates be cancelled and that the amount so paid for such certificates be refunded to petitioner with interest at the rate of 7 per cent per annum from the date thereof, to-wit:

| No. of Cert'f. | Year of Sale | Amount  | Interest | Total   |
|----------------|--------------|---------|----------|---------|
| 125            | 1900         | \$39 00 | \$15 02  | \$54 02 |
| 120            | 1901         | 39 00   | 12 30    | 51 30   |
| 104            | 1902         | 33 94   | 8 32     | 42 26   |
| 114            | 1904         | 21 62   | 2 26     | 23 88   |

\$ 171 46

and that same be charged back to City of Menasha.

Petition of Jos. L. Fieweger for the cancellation of tax certificate No. 470, tax of 1896, sale of 1900, amount \$4.18, affecting the following 50-100 acres in S. E. corner of south 32 acres of S. E.  $\frac{1}{4}$  of Section 6, Town 20, Range 17. Said petitioner represents that said tax certificate is illegal and void for the reason that said property was doubly assessed; the above tract having been included in the tax covering the entire south 32 acres of south-east  $\frac{1}{4}$  of Section 6, Town 20, Range 17, for that year, and having been paid by Wm. Grimes as appears by the tax roll of the Town of Menasha for that year (1896).

That the 50-100 acres in S. E. corner, and the entire south 32 acres of S. E.  $\frac{1}{4}$  of Section 6, Town 20, Range 17, was owned by one and the same person at the time of assessment of said property.

Your committee, on examination of the facts relating to said tax certificates, find that the allegations as set forth by petitioner are true and would recommend that said tax certificates be cancelled and that the amount so paid for such certificates be refunded to petitioner and with interest at the rate of 7 per cent per annum from the date thereof, to-wit: Certificate No. 470, sale 1900, amount \$4.18; interest \$1.61; total \$5.79; and that the same be charged back to the Town of Menasha.

Petition of Daniel Sullivan by Mott, Mott & Monroe, his attorneys, for the cancellation of tax certificate No. 121, sale of 1903, amount \$19.86, affecting the following described land, to-wit:

A piece of land 30 feet north and south by 80 feet east and west, lying east of Washington street and south of lots 174 and 175 of block D, Town of the Island, Third ward, City of Menasha; the said petitioner represents that said tax certificate is illegal and void for the reason that the tract of land above described was at the time of the assessment of said tax and sale of said certificates the property of an Electric Street R. R. Co., compelled by law to pay an annual license fee based on its earnings and exempt under the general tax law under the provisions of Section 1222, C D E of the Wisconsin Statutes of 1898, as amended by Chapter 354 of the Wisconsin Session Laws of 1899, and Chapter 197 of the Wisconsin Session Laws of 1903 and Chapter 493 of the Wisconsin Laws of 1905, viz: Section 1184 of the Revised Statutes of Wisconsin and the amendments thereto.

That the said described property was at the time of the sale of said certificates the property of the Wisconsin Traction, Light, Heat & Power Co., an Electric Railway Corporation subject to the payment of a license fee in lieu of general taxes as provided in the above mentioned Section of the Wisconsin Revised Statutes.

Your committee, on examination of the facts relating to said tax certificate, find, that the allegations as set forth by the petitioner are true, and would recommend that said tax certificates be cancelled and that the amount so paid for such certificates be refunded to petitioner with interest at the rate of 7 per cent per annum from the date thereof, to-wit: Tax

certificate No. 121, sale of 1903; amount \$19.86, interest \$3.48, total \$23.34, and that the same be charged back to the City of Menasha.

Petition of St. Josephats' congregation of City of Oshkosh, by Francis Laslow, Vice President, John Ogonowski, Secretary, John N. Tadych, Treasurer, for the cancellation of tax certificate No. 559, sale 1899, amount \$3.41, affecting the following described property, to-wit: lot 51, of block 2, of J. B. McLaren's Sub. Twelfth ward, Oshkosh. Said petitioner represents that said certificate is illegal and void for the reason that by a clerical mistake lot 51 of block 2 in J. B. McLarens Sub. was, at the time of the assessment of said lot for taxes, owned by said congregation and a retrospection into the previous years will show that the property at that time was church property and consisted not only of lot 51, but also of lots 52, 53 and 54, in said Subdivision which were not assessed; the owner of said property having purchased said certificate and paid \$6.11 therefor, for the purpose of cancellation. Your committee not being fully satisfied as to the claims set forth by petitioner we recommend that the matter be deferred until the March session.

Petition of T. H. Gill for the cancellation of tax certificate No. 220, sale of 1905; amount \$3.48, affecting the following, to-wit:  $\frac{1}{4}$  of lot 24, of block 99, in the Sixth ward, City of Oshkosh. Said petitioner represents that said tax certificate is illegal and void for the reason that all the real estate covered by the tax certificate above described is owned by the Wisconsin Central Railway Company, and is adjoining the track of the Wisconsin Central Railway Company and was acquired prior to 1899 solely for railway purposes, and has been held since the date of purchase for the necessary uses in connection with the operation of said railway as contemplated by Section 1038 of the Revised Statutes; that said property for the above reasons is by law exempt from taxation. Further, that in accordance with Chapter 315 Laws of 1903, the above described property has been duly returned to the State Board of Assessments as railway property and assessed by said Board as such and is consequently exempt from local taxation.

Your committee having made examination of the premises described in said petition find, that the same are not used for railroad purposes, being situated at the corner of Ninth and Michigan streets in the Sixth ward, City of Oshkosh, and being vacant property, your committee further state that on account of such property not being used for railroad purposes, and not immediately adjoining the depot grounds, tracks or right of way of said company that it would not be exempt from taxation and would recommend that the prayer of the petitioner T. H. Gill, in said matter, be granted.

Your committee has before it a statement of the County Treasurer, of lands withheld from sale for and on account of the several reasons as set forth in said statement, and beg leave to report they have carefully considered the same and would recommend that said statement be accepted and that the lands therein, withheld from sale be charged back to the

several towns, villages and cities as per said statement herewith submitted.

It also recommends that the sum of \$6.00 be allowed E. W. Thomas for services rendered in examining title to property in question, and assisting in other matters in connection therewith.

Dated November 29th, 1905.

Respectfully submitted,

A. T. LUECKENBACH,  
M. M. SCHOETZ

ILLEGAL ASSESSMENTS

Supervisor Lueckenbach offered the following report, No. 18:

*To the Honorable, the Board of Supervisors of Winnebago County:*

Gentlemen: Your committee on Illegal Assessments beg leave to report that they have had under consideration the following petitions for cancellation of tax certificates:

The petition of St. Josephat's Congregation, by Rev. Francis Laslow, vice president; John Ogenowski, secretary, and John M. Tadych, treasurer, for the cancellation of tax certificate No. 559, sale of 1899, amount \$3.41, covering Lot 51, of Block 2, J. B. McLean's subdivision of blocks 131 and 134, Twelfth ward, city of Oshkosh, for the reason that said lot 51, at the time of the assessment of said lot was church property. Your committee on examination of the premises and upon an examination having been made of the title to said land, find that the allegations of the petitioner are true; and we would recommend that said tax certificate be cancelled and that the said St. Josephat's Congregation be refunded the amount paid for such certificate with interest at seven per cent per annum, and that the same be charged back to the city of Oshkosh.

Your committee have also had under consideration the petition of E. W. Thomas for the cancellation of tax certificate No. 484, sale of 1900, amount \$1.46, for the reason that the land as described therein is indefinite, and also was omitted from the re-advertised list. Upon examination of the facts relating thereto we find that the allegations as set forth in

said petition are true, and would recommend that said certificate be cancelled according to provisions of Section 1176 of R. S., of 1898.

Respectfully submitted,
