2 **RESOLUTION: Appropriate \$70,000 for Design and Engineering to Replace a Four-**
3 **Culvert Water Crossing on CTH N in the Town of Nekimi**
4

5 **TO THE WINNEBAGO COUNTY BOARD OF SUPERVISORS:**

6 **WHEREAS**, a four-culvert water crossing structure on CTH N in the Town of Nekimi is functionally and
7 structurally obsolete; and

8 **WHEREAS**, the current structure consists of four 48” corrugated metal pipes, side by side, with rock and
9 earthen fill. The structure is showing significant signs of deterioration and does not function efficiently during periods
10 of high water; and

11 **WHEREAS**, while this structure is technically classified as a bridge, it will not become qualified for federal
12 bridge program funding for the foreseeable future. Designing the project using County funding with the possibility of
13 obtaining federal bridge program funds in the future is appropriate; and

14 **WHEREAS**, CTH N is showing significant signs of wear and tear, and the roadway will be a candidate for a
15 milling and paving project in the very near future. The bridge will need to be replaced before proceeding with milling
16 and paving of the roadway; and

17 **WHEREAS**, the CTH H project, which is completed but not closed, has sufficient excess funds and some of
18 those remaining funds can be transferred to the CTH N project.

19 **NOW, THEREFORE, BE IT RESOLVED** by the Winnebago County Board of Supervisors that it hereby
20 appropriates \$70,000 for the design and engineering of a new water crossing on CTH N in the Town of Nekimi.

21 **BE IT FURTHER RESOLVED** by the Winnebago County Board of Supervisors that it hereby approves
22 transferring unexpended funds from the Capital Project Funds in the CTH H Capital Project Fund to the CTH N
23 Project Fund.

24 Respectfully submitted by:

25 **HIGHWAY COMMITTEE**

26 Committee Vote: **3-0**

27 Respectfully submitted by:

28 **PERSONNEL AND FINANCE COMMITTEE**

29 Committee Vote: **5-0**

30 Vote Required for Passage: **Two-Thirds of Membership**
