## We've been busy at the ADRC!

June 15th was World Elder Abuse Awareness Day. This provided an opportunity for communities around the world to promote awareness of the abuse and neglect of older adults, and take action to advance elder justice.

We recognized elder abuse in Winnebago County with a walk to the park followed by a proclamation from County Executive Jon Doemel and speakers District Attorney Sparr and Sheriff Matz. Thank you to all who participated to raise awareness.

We'd also like to take a moment to recognize and thank our Adult Protective Services unit. In 2022, our APS team responded to over 600 reports of elder abuse. Your hard work and dedication to our community and older adults does not go unnoticed.

If you suspect elder abuse in Winnebago County, contact the ADRC to make a report at (877) 886-2372.

Amanda Runge, one of our Elder Benefit Specialists, has now transitioned to an ADRC Specialist. Congrats, Amanda!

In the first 6 months of 2023, our ADRC administrative staff fielded about 4,600 calls from our main line. This does not count customers that directly called our workers.

In the first 6 months of 2023, our ADRC Specialists have connected about 300 customers to Medicaid long-term care programs (IRIS, Family Care, Partnership). Great job, everyone!

Sydney Wienke is one of our ADRC Specialists.

She has been at the ADRC for the last 4 years. She is relocating to Marathon County to be closer to family.

Sydney, we will miss you SO much! Thank you for all you have done for our ADRC, customers and families we serve.

Best wishes

## Raspberry Lemonade

- 1¾ cups fresh squeezed lemon juice, from 8-12 lemons, strained
- ½ pound (8 oz.) raspberries, plus more for serving
- 5 cups water
- 1 cup sugar
- Lemon wedges, for serving
- Fresh mint, for serving

1. Combine the raspberries and ½ cup of the lemon juice in a blender; purée until smooth, then pass the mixture through a fine strainer into a large bowl to strain out the seeds (the fastest way to force it through is by pressing a ladle against the strainer in a circular motion).
2. Add the remaining lemon juice, water, and sugar to the bowl and stir until the sugar is dissolved.
3. Taste, then add more sugar, lemon juice or water if necessary (keep in mind that ice cubes will water it down).
4. Pour into glasses with ice cubes and garnish with lemon wedges, raspberries and fresh mint, if desired.
5. The lemonade will keep in the fridge for a few days. [www.onceuponachef.com](http://www.onceuponachef.com)

## Surge of Unrequested and Unwanted COVID-19 Test Kits

On May 11, 2023, the COVID-19 public health emergency ended, and with that, Medicare stopped paying for over-the-counter tests (though it continues to cover those provided in a clinic, doctor's office, or other health care setting and processed by a laboratory).

The end of the public health emergency, unwittingly, initiated a surge of Medicare beneficiaries receiving test kits in their homes.

A recent NPR article pointed out that fraudsters are using testing sites, telemarketing calls, text messages, social media platforms, and door-to-door visits to perpetrate COVID-19-related scams. Fraudsters are offering COVID-19 services in exchange for personal details, including Medicare information. However, these services are unapproved and illegitimate.

These scammers take advantage of COVID-19-related needs and services to benefit themselves, putting beneficiaries at risk of potential harm. The personal information collected can be used to fraudulently bill federal health care programs and commit medical identity theft. For more on the NPR article, click here: [A COVID Test Medicare Scam May Be a Trial Run for Further Fraud : Shots - Health News : NPR](#)

According to Ingrid Kunding, Senior Medicare Patrol Project Manager, the toll-free Helpline in Wisconsin has had a significant increase in the number of calls related to unwanted tests kits. Medicare beneficiaries are receiving test kits that they did not order and do not want. These are then billed to the beneficiary's account with Medicare often paying \$94.08 per test.

Over please

Funded by: This project was supported, in part by grant number 9081PPG0102-01-00, from the U.S. Administration for Community Living, Department of Health and Human Services, Washington, D.C. 20201. Grantees undertaking projects under government sponsorship are encouraged to express freely their findings and conclusions. Points of view or opinions do not, therefore, necessarily represent official Administration for Community Living policy.

### Noted Concerns

**How did the scammer get my Medicare number?** A scammer may have obtained your number through a previous unscrupulous situation that you were unaware of, or it may have bought on the "dark web". You may never know how the number was obtained, but it can be used fraudulently again.

**How will I know if this happens again?** You will need to review your Medicare Summary Notices (MSN) or Explanation of Benefits (EOB) to know if your number has been used again by the fraudster. You can check your MSN or EOB online or when they are mailed (the MSNs are mailed quarterly).

**What do I look for on MSN or EOB?** When reviewing your statements, look for any tests or services that were not ordered by your health care provider, or that you did not receive. For a tutorial on how to read your MSN, go to [Read Your Medicare Statements \(smpresource.org\)](http://Read Your Medicare Statements (smpresource.org))

**Do I need to get a new Medicare card?** You may need to contact Medicare to get a new number if your number has been used to falsely file claims to your Medicare account. You can call SMP at 888-818-2611 to discuss the process of requesting a new Medicare number.

### What You Can Do

- Refuse the tests, if possible, return to sender.
- If it has already been delivered, call the supplier, and ask for a return label. (Do not return if there is a cost to you.)
- Be cautious of offers for "free" medical services.
- Contact Senior Medicare Patrol to talk about the steps you can take.

## Become a Volunteer Ombudsman for Long Term Care Residents

The Board on Aging and Long Term Care is recruiting volunteers in North Eastern Wisconsin. Volunteer Ombudsmen come from all walks of life, are carefully screened, trained, and receive ongoing support and supervision from the area Volunteer Coordinator.

Volunteer Ombudsmen make a difference in the lives of nursing home residents by:

- Advocating for residents
- Being a Voice for residents
- Educating residents, families, and staff about Residents Rights
- Empowering the residents to speak for themselves.
- Listening to the residents

Volunteer Ombudsmen are a valuable resource for residents and their efforts are respected. Volunteer Ombudsmen give their time and energy to provide residents with a sense of security. Residents look forward to the Volunteer Ombudsman's weekly visits. Those weekly visits bring smiles to the faces of residents, and to the faces of the Volunteer Ombudsmen! ## CONNECTING COMMUNITY THROUGH FOOD

Food often reflects our cultures and ethnicities. By sharing food with others, we connect as humans and learn more about one another's lived experiences and identities. The sharing of food provides us greater opportunities to hold space for all to explore and share at the table. Join Ruben from Wagner's Market in July and learn how to make a from-scratch Huevos Rancheros brat, served on a bun with slaw and bacon aoli. The brat itself is stuffed with chorizo that is flavored with salsa, potatoes, cheese, and eggs. YUM!

# FRAUD PREVENTION

## Winnebago County Fraud School

From the Winnebago County Sheriff's Office: "Winnebago County has seen a dramatic increase in fraud related victimization. The steady rise in technology as well as its ease of access, creates a breeding ground for criminals to take advantage of others. We are proud to offer the Winnebago County Sheriff's Office Fraud School to any community members interested in learning about what types of frauds/scams are currently being used, how to proactively protect yourself from these scams, and what someone needs to do if they fall victim. Participants will be given a handout at class to utilize when they get home to take the steps necessary to avoid victimization. " To see upcoming events, please click the below link:

## Dementia Care Partner Conference

On June 2nd, the Fox Valley Memory Project held the second annual Dementia Care Partner Conference at Fox Valley Technical College. The conference had speakers to inspire, educate and provide resources to family members and care partners of those living with dementia. Respite was also provided onsite at the conference to make it easier for folks to attend. The Winnebago County ADRC and other partner organizations had resource tables and were available to speak with the participants about how we can support them on their journey of living with dementia. Alisa Richetti, Dementia Care Specialist and Kathy Sison, Adult Protective Services hosted the resource table for the Winnebago County ADRC.

Do you want to better understand what it feels like to have Dementia?

Are you a care partner that wants to learn more about your loved one's symptoms?
