What do I do with Latex Paint?

—
Latex paint is not accepted at the Household Hazardous Material Facility because it can be disposed of with your regular trash when the paint is dry.

—
If the paint is still liquid, open the top and allow the paint to air dry. To speed up the process, you may also add sand, cat litter or latex paint hardener to the liquid paint.

Winnebago County may modify this list or schedule at any time to meet program needs.

Other Materials

Light bulbs, used auto oil, oil absorbents & filters, anti-freeze, auto batteries, tires, electronics, TVs, appliances and propane cylinders are collected at the Winnebago County Landfill. Charges and restrictions may apply.

Business or Farm Hazardous Materials, radioactive materials, infectious/medical wastes, asbestos and medications are not accepted at the Winnebago County Landfill or Household Hazardous Material Collection Site. Call for options.

For more information call 920-232-1850 or visit us at www.WinnebagoCountySolidWaste.com
