

A photograph of an older Black couple walking outdoors on a path. The man, on the left, has a white beard and is wearing a dark blue vest over a grey shirt. The woman, on the right, has short grey hair and is wearing a light-colored quilted vest over a button-down shirt. They are both smiling and looking towards the camera. The background is a blurred park setting with trees and a path.

THE MIRAVIDA LIVING COMMUNITY

SERVING OSHKOSH SINCE 1963

Dear Friends:

To provide you with the most up-to-date information about services and programs in our area, we are very pleased to present you with this 2025 edition of the Aging and Disability Resource Center (ADRC) of Winnebago County Resource Directory.

This directory is intended to serve as a starting point for accessing services in Winnebago County. It is our hope that this directory will be useful for you when making important decisions about your needs or the needs of others dear to you. And as always, our staff welcome the opportunity to meet with you to further discuss available resources and provide additional assistance.

This directory is a partnership between the ADRC of Winnebago County, 44th North Advertising and Design, and all of the agencies and organizations who provide resources and/or purchased ads, each of which we would like to thank. Additional complimentary copies of this directory are available throughout Winnebago County at a variety of locations. You may also request a free copy to be mailed to you by calling the ADRC toll free at 1-877-886-2372, or email us at adrc@co.winnebago.wi.us.

Any corrections to this directory should be made by sending an email with the correction to the above email address and the correction will also be made on the ADRC website at www.co.winnebago.wi.us/adrc. This website provides more detailed information, is updated regularly, and has a very easy-to-use search function.

With warm regards,

Beth Roberts

FALLS PREVENTION PROGRAM

The Falls Application Referral Project (FARP) was designed to connect individuals who have fallen with services that can improve their health, environment, and overall well-being in an effort to prevent further falls. The referrals are usually generated by the local Fire Department when an individual who has fallen gives permission for their contact/personal information be sent to the Winnebago County Aging and Disability Resource Center (ADRC).

The ADRC receives the information and contacts the individual to discuss any unmet needs they have and connect them with resources/services to decrease their likelihood of falling again. The ADRC staff member may discuss potential services/resources such as: walkers, lift chairs, home care, medical equipment, home delivered meals, referrals to Public Health nurse for a home assessment, personal emergency response systems or fall prevention classes. The goal of these conversations is to increase the independence and safety of the individual in their home so that they can remain there as long as possible.

Through our community partnerships, we hope to continue to provide falls prevention and education throughout all of Winnebago County.

If you are interested in Fall Prevention, you can call the ADRC at 877-886-2372.

ADVANCE DIRECTIVES

Advance planning allows you to make choices regarding your medical care and/or finances in the event that you become incapacitated. This is an opportunity to express your wishes instead of potentially having a court appoint a guardian to do this for you. Advance planning may be made by any competent individual 18 years and older.

The Wisconsin Department of Health Services has advance directive forms available online. These forms are designed to be completed without the assistance of an attorney. Given your particular circumstances or concerns, you may want to seek legal advice from an attorney.

You may access the following forms at www.dhs.wisconsin.gov/forms/advdirectives:

- Declaration to Physicians (Wisconsin Living Will)
- Power of Attorney for Health Care
- Power of Attorney for Finance and Property
- Authorization for Final Disposition

To be valid, the forms must be complete and signed. The Declaration to Physicians (Living Will) and the Power of Attorney for Health Care have accompanying letters that are not part of the legal forms but contain information that should be read prior to completing the forms. The forms contain standardized wording specified in the Wisconsin Statutes. If these forms are filled out and signed correctly, the completed forms are presumed to be valid in the State of Wisconsin. Do not change the preprinted wording of the forms unless instructions indicate you may do so. Changing the forms, contrary to their instructions, may invalidate the completed forms. If the forms are not sufficient for your needs, consult an attorney.

Forms, or variation of these forms, are available from your attorney, physician, hospital or at the (ADRC).

Multi-language versions of the Advanced Directive and Power of Attorney for Health Care may be obtained at the State Bar of Wisconsin or Aging with Dignity.

HIRING HOME CARE

When choosing home care there are a few things to think about. There is also the option of choosing an agency or hiring a person independently. If needed the ADRC can help you with this process.

Considerations Hiring Home Care

- **Interview in Person** – Your initial reaction to the agency and/or home care provider is important.
- **References** – Ask for at least 3 to 6 references.
- **Criminal Background Checks** – Ensure the safety of home, self, personal property, etc. by following up with references and conducting a Criminal Background Check.
- **Insurance** – (Workers' Compensation, liability, bonding, etc.) What if something is broken in the home, a home care provider is dishonest or injured?
- **Taxes** – (Local, state and federal payroll taxes) Wages must be reported if you hire an independent home care provider.
- **Training** – What kind of training has the home care provider had? Do they participate in a continuing education program?
- **Availability** – Is care available up to 24 hours a day, 7 days a week, etc.? What happens if a home care provider calls in sick or needs time off?
- **Documentation** – Is a log maintained daily on activity? Daily events should be written down so that all those involved in caregiving are aware of what has happened.
- **Transportation** – Is there home care provider assistance for running errands, going to appointments, etc.? What about emergency transportation?
- **Rates and Billing** (private pay, Medicare, Medicaid, long term care insurance, etc.) – Check everything out. You are going to need resources to pay for care. Keep good records.
- **Contract or Service Agreement** – Are you obligated for a certain period of time? Is there a deposit required to initiate services? Define your caregiving expectations. Get it in writing.
- **Back up Plan** – No matter how well a plan has been thoughtout, be prepared if something goes wrong or the plan changes.

Agency Provider

- Screen and hire qualified employees
- Provide help quickly
- Send replacements when necessary
- Provide training, supervisor and liability insurance
- Handles employee payroll
- Resolves conflicts between you and employee

Considerations:

- Services may be too costly to use regularly
- You may have to accept a schedule around employees
- You may not be pleased with the quality or reliability of the employee
- Different employees may be sent on different day, interrupting continuity of care

Independent Provider

- Less costly than going through an agency
- You directly manage the worker and have control over hours, tasks and pay
- One person giving care which can provide continuity for your loved one

Considerations:

- Contacting, interviewing and screening are your job and can be time-consuming
- If worker is ill or unavailable, you need to arrange for substitutes
- You are responsible for all paperwork, i.e., Social Security records, payments and insurance
- You will need liability insurance to cover the worker in case of accidents

IRIS is a self-directed program, which means individuals have the freedom to decide how they want to live their life. IRIS participants and their families self-direct by choosing supports and services for their IRIS plan that work best for them. These services can be related to employment, housing, health, safety, community, transportation, and long-term relationships. Together, we make roadblocks and obstacles start to disappear to clear the path ahead between people and their goals.

CopperStone

Assisted Living

Often times families are called upon to provide care when their loved one has reached the point in life when they are no longer able to take care of themselves. Caring for a loved one, while attending to matters of your own daily life, can make this challenging. Moving your loved one into an Assisted Living facility can be a difficult and emotional process. You may have serious questions about the quality of care and the engagement of the community, leaving you worried and skeptical. At CopperStone Assisted Living, we have a trusted team of professionals that guide you through this important process every step of the way. We understand your fears and reservations. Lean on us to walk alongside you and ensure you that your loved one gets the care, attention, and love they deserve. You can be confident that you honored your elderly family member by providing them with the best care available in the Fox Valley.

WE ARE HERE TO HELP, ALWAYS.

"Living at CopperStone has been a positive transformation for my mother. It is a beautiful building, but it is the people that make it truly special. Everyone at all levels is truly dedicated to making sure that the residents feel like family. She has blossomed under their professional, compassionate care. She is comfortable and content, and getting the 24-hour attention she needs while still having a sense of privacy and autonomy. As a family member, I am truly impressed at the level of communication. Transitioning to residential care can be traumatic, but CopperStone has made this transition a success."

HOUSING QUESTIONS TO ASK

- Is there an entrance fee? If yes, is it reimbursed when I move out?
- What determines the monthly fee and how often can it be raised?
- How much notice do I have to give if I leave?
- What is included in the monthly rate?
- Do I have a private bathroom?
- What are the costs for additional services or meals, private room, telephone, etc?
- What is the meal plan and are meals provided?
- Do you accommodate special diets?
- Are pets allowed?
- Is there awake staff overnight?
- Is there an emergency response system?
- Does the facility have an Emergency Preparedness Plan (power outage, fire, etc.)
- May outside services come in to help me?
- Is there a nurse on call 24 hours a day?
- What is the ratio of staff to residents?
- Is the facility at maximum capacity?
- What are the policies regarding visitors?
- Is there transportation available if I have a doctor appointment? What is the cost?
- Do you have parking or garage for a vehicle?
- If I have to be hospitalized for a period of time, what happens to my apartment or room?
- What personal possessions may I bring?
- Has the facility had any citations?
- What happens when my money runs out?
- Is the facility accessible?
- Does the facility have an emergency power back-up?

HOUSING DEFINITIONS

Independent Living Apartment

- Multi-unit dwellings specifically for older and/or disabled residents capable of managing their own lives.
- Costs range from subsidized apartments for low income individuals to expensive condominium style units.
- Some complexes may have recreation rooms, activities, transportation services and/or a mealsite.
- These facilities have minimal health services.
- Some may charge entrance fees.

Residential Care Apartment Complex (RCAC)

- Apartment-type units with their own kitchen, bathroom, living and sleeping areas.
- Residents are somewhat independent, usually needing some degree of help with daily living activities. Through the facility, a resident can obtain up to 28 hours of assistance/week. Emergency assistance is available.
- Social and recreational activities as well as meals available. Ask what services are included in the monthly rate and what services require additional payment.
- If the facility is certified with the state, they may be able to accept funding if it is available and the resident is eligible. The RCAC manager can answer financial questions.

Community Based Residential Facility (CBRF)

- Group home setting consisting of 5-21+ beds. Can be single or double occupancy rooms, usually with a halfbath.
- Common dining and living areas.
- Facilities are licensed by the state and classified according to size and the population served.
- Required to provide assistance with bathing, dressing, grooming, medications, referral services.
- Many facilities offer additional service packages for increased rates.
- Scheduled in-home and community activities, transportation for errands, etc.
- Payment for these facilities are generally private pay. Long term support funding is available to help with costs. The CBRF manager can answer questions regarding financial matters.

Skilled Nursing Facility (Nursing Home)

- Health care facility that provides nursing services 24 hours a day.
- Persons needing extensive supervision, those with complex health plans, residents needing rehabilitative services (occupational, physical or speech therapy) or those who do not have supportive living services available are residents who would benefit from nursing home care.
- Costs vary according to the services and the level of care provided.
- The daily rate should include room and board, activities, social services and nursing care.
- Therapy, medications, dental care, foot care and personal items are typically not included in the daily rate.
- Nursing homes have admission agreements that include information about the daily rate, policies regarding transfers and discharges, policies regarding the handling of residents funds and the rights and responsibilities of the residents.
- Nursing homes are licensed and surveyed by state and federal regulators.
- There are a variety of ways to pay for nursing home costs:
 - Medicare pays for limited nursing home stays as long as it meets their requirements.
 - Long term care or supplemental insurance may pay for some stays.
 - Medical Assistance may cover unlimited stays once financial criteria is met.
 - Private pay or veterans benefits may also be used.

The nursing home administrator and/or social worker can answer questions regarding financial matters.

Do Not Resuscitate (DNR): A DNR order directs first responders, EMT's and medical professionals not to attempt cardiopulmonary resuscitation (CPR) on an individual if they have a cardiac or respiratory arrest. A doctor has to write a DNR order and the individual needs to wear a bracelet indicating this wish. <https://www.dhs.wisconsin.gov/ems/dnr.htm> or (608) 266-1568.

Project Lifesaver: Is a radio tracking system designed to locate an individual who has a diagnosis that may cause them to wander (i.e. Dementia, Autism or Down Syndrome). The individual wears a transmitter on their ankle. Available throughout all of Winnebago County. <https://oshkoshpd.com/ProjectLifesaver/> or (920) 236-5757

File of Life: Is a way for emergency medical response teams to understand an individual's name, date of birth, allergies, medical history, emergency contact person etc. This packet is to be put on an individual's refrigerator. Call the ADRC at (877) 886-2372 or email adrc@co.winnebago.wi.us. This is free of charge.

Adult Children of Alcoholics/Dysfunctional Families – Emotional Sobriety

www.adultchildren.org • (310) 534-1815

Adult Children of Alcoholics (ACA)/Dysfunctional Families is a Twelve Step, Twelve Tradition program of people who grew up in dysfunctional homes.

We meet to share our experience of growing up in an environment where abuse, neglect and trauma infected us. This affects us today and influences how we deal with all aspects of our lives.

ACA provides a safe, nonjudgmental environment that allows us to grieve our childhoods and conduct an honest inventory of ourselves and our family—so we may (i) identify and heal core trauma, (ii) experience freedom from shame and abandonment, and (iii) become our own loving parents.
