## WINNEBAGO COUNTY CDC COMMUNITY LEVEL

### Winnebago County's CDC Community Level is **MEDIUM**

#### Community Recommendations:

- Talk with your health care provider about wearing a mask in public if you are immunocompromised or at high risk for severe diseases.
- Consider wearing a mask while indoors if you live with someone at high risk or come into contact with someone who is high risk.
- Get tested if you have symptoms or were exposed. Stay home if you are sick and waiting for results.
- Get vaccinated. Staying up to date on your COVID-19 vaccines is the best thing you can do, no matter the community level.

#### Current Community Level Metrics for Winnebago County:

- Case rate per 100,000 population: 241.41
- New COVID-19 admissions per 100,000 population: 6.4
- % staffed inpatient beds, patients with confirmed COVID-19: 5.5%
