GENERAL INFORMATION

NOTICE: This book is published as a guide to the Community. All data contained herein was gathered from the Official Public Records at the Court House and elsewhere. Due to continual sales and transfers of property it is impossible to guarantee 100% accuracy. We do however, guarantee the accuracy to be 95% or better as compared to the official county records.

The Index Map above shows the various townships in the county as they are located geographically. Numerals on each township indicate the page number that particular map will appear in detail.

Turn to the "GREEN PAGES" in the back of the book for the INDEX TO OWNERS. The Index to Owners shows alphabetically, every land owner in the county whose name appears on the township maps. To find a land owner, look up his name in the alphabetical index, which will show the section and page number of his land.
