We are hosting community conversations to hear about experiences regarding falls. This is part of a community collaborative effort funded by the Basic Needs Giving Partnership that aims to create an action plan that ensures all Oshkosh older adults, no matter their income level, can access fall prevention programs and services. Some of our partners include:

Evergreen Retirement Community, City of Oshkosh Fire Department, Rebuilding Together Fox Valley, Oshkosh Seniors Center, Winnebago County Health Department, Finding Balance Together, Wellness Plus, City of Oshkosh, Winnebago County Housing Authority, ADRC, Miravida Living, and the YMCA. Our main purpose is to identify the root cause of why people fall, understand the current programs that address this issue, and explore what could be done to help prevent more falls from happening.
