PARENT CONNECTION

www.familyservicesnew.org

**1810 Appleton Road, Menasha
(920) 739-4226 ext. 108**

**36 Broad Street, Oshkosh
(920) 233-6630 ext. 101**

Parent Connection is a parent education and support program designed to *Encourage, Strengthen and Support Families*. Each program offered by Parent Connection is focused on providing family education and promoting positive parenting techniques to include:

- Support parents by sharing and promoting effective skills of positive parenting
- Strengthen healthy parent/child relationships
- Develop and maximize parent's potential to resolve difficult situations
- Strengthen the relationship between parents to promote healthy family dynamics.

Parents as Teachers' Home Visitation

This free early-learning program is designed for first-time parents and their babies residing in Outagamie, Winnebago and parts of Calumet County. Family Support Specialists trained in early childhood and brain development conduct home visits from the child's birth to the age of three.

Family Wellness Workshops

Find out the latest information about child growth and development, stress management, positive discipline, communication, the teen years, and many other issues related to parenting.

Teen Parent Program

The Teen Parent program is designed to meet the unique needs of teen parents by providing them with unique opportunities such as Parents as Teachers Home Visiting program, Teen Parent Mentoring, and monthly group meetings.

Community Presentations

Parent Connection offers speakers to businesses, schools, community agencies, and more on a variety of parenting and child abuse prevention topics. Program fees vary depending on length and location.

Family Fun Events

Parent Connection offers several low-cost family fun events for parents with young children including Annual Dads & Kids Events and Autumn Adventure.

Fatherhood Programs

The Fatherhood Programs of Parent Connection are specifically designed with needs of men in mind, as they become fathers. Classes for expectant dads on baby care basics are offered as well as on-going groups for dads and their children, birth to five.

Supervised Visitation & Exchange

Provides visitation and exchange services between divorced or separated parents. Staff help to ensure a safe and secure setting for the child, free from parental violence or conflict.

CHILD DEVELOPMENT/SPECIAL NEEDS

Appleton Area School District Birth-Five Outreach Program

Provides outreach to families with children under age 5 who reside in the Appleton Area School District. Offerings include: parent/child playgroups and events, developmental screenings ages 3-5, parent education workshops, welcome visits, referrals to home visitation programs and connections to school and community resources.

www.aasd.k12.wi.us/parents/birth-five_outreach

313 S. State St., Appleton (920) 832-6470

Appleton Area School District 3-5 Year Old Developmental Screenings

Located in the Community Early Learning Center. The Appleton Area School District recommends that ALL children who live in the district participate in a Developmental Screening. Children should be screened on or after their 3rd birthday. We prefer to see children at age 3 and before entering 4K. However, if your child is currently attending 4K and has not been screened, please call to schedule a screening. Parents or guardians do not need to have specific concerns to schedule a screening.

www.aasd.k12.wi.us/parents/3-5_year_old_developmental_screenings

313 S. State St., Appleton (920) 832-6109

Screenings cover all areas including:

- *How your child talks, listens, and moves.*
- *How your child uses his/her hands*
- *How your child learns*

Birth to Three, Calumet County

Provides early intervention for children who have developmental delays from birth to age three and their families in Calumet County.

206 Court Street, Chilton (920) 849-1400 or (920) 989-2700 x400

Birth to Three, Outagamie County

Early Intervention Program through Valley Packaging Industries, Inc. Located in Community Early Learning Center. A system of support services available for families to assist them in helping their children with delayed development or special needs develop and learn. Available to children under three who have been found eligible and reside in Outagamie County.

www.birthto3foxvalley.com

313 S. State St. Appleton (920) 997-1484

Birth to Three, Winnebago County

Provides services and supports to families with children ages birth to three who have developmental delays or disabilities. An Individualized Service Plan (ISP) is developed with each eligible child and family and the outcomes focus on the needs and priorities of the child and family. Early Intervention Services offers a family-centered approach by supporting children and family during daily activities, utilizing resources the family has in their homes. Each family has access to a full team of interventionists, with one identified as the strongest link between the family and the rest of the team. EIS supports families through coaching strategies, connects families with community resources, and explores options for the child at age 3.

Even Start Family Literacy Program, Appleton

Even Start Family Literacy is a comprehensive, integrated literacy program addressing the education needs of Appleton Area School District low income, low literacy parents and young children. Parents who participate in the program learn to speak English, finish their high school education, acquire basic skills necessary for a job, and learn skills to be their child's first and best teacher. Children birth to age four participate in a quality early learning program of their own at the same location and time. Families must have a child between birth and age five, live within the Appleton Area School District boundaries, and complete a screening form to determine economic and educational need requirements.

313 S. State St. Appleton (920) 832-6285

Even Start Family Literacy Program, Menasha

Even Start Family Literacy is a comprehensive, integrated literacy program addressing the needs of Menasha School District low income, low literacy parents and young children. Parents who participate in the program learn to speak English, finish their high school education, acquire basic skills necessary for a job, and learn skills to be their child's first and best teacher. Children birth to age five participate in a quality early learning program of their own at the same location and time. Families must have a child between birth and age five, live within the Menasha School District boundaries, and complete a screening form to determine economic and educational need requirements.

It's time to change how we view a child's growth.

As they grow, children are always learning new things. Below are just some of the things you should look for as your child grows. Use this as a guide, and if you have any concerns, talk with your child's doctor and call **1-800-CDC-INFO** to get connected with your community's early childhood intervention system.

- ▶ **At 6 months, many children**
 - respond to own name
 - respond to other people's emotions and often seem happy
 - copy sounds
 - like to play with others, especially parents
- ▶ **At 1 year (12 months), many children**
 - use simple gestures, like shaking head "no" or waving "bye-bye"
 - say "mama" and "dada" and exclamations like "uh-oh!"
 - copy gestures
 - respond to simple spoken requests
- ▶ **At 1 ½ years (18 months), many children**
 - play simple pretend, such as feeding a doll
 - point to show others something interesting
 - show a full range of emotions, such as happy, sad, angry
 - say several single words
- ▶ **At 2 years (24 months), many children**
 - say sentences with 2 to 4 words
 - follow simple instructions
 - get excited when with other children
 - point to things or pictures when they are named
- ▶ **At 3 years (36 months), many children**
 - show affection for friends without prompting
 - carry on a conversation using 2 to 3 sentences
 - copy adults and friends
 - play make-believe with dolls, animals, and people
- ▶ **At 4 years (48 months), many children**
 - tell stories
 - would rather play with other children than by themselves
 - play cooperatively with others
- ▶ **Questions to ask your child's doctor:**
 - Is my child's development on track for his or her age?
 - How can I track my child's development?
 - What should I do if I'm worried about my child's progress?
 - Where can I get more information?

Learn the Signs. Act Early.

220791

where great stories begin™

READING TIPS FOR YOUR FAMILY

Read aloud every day!

It's **FUN**. It's **SPECIAL TIME** with your child.
It helps children learn **LOTS** of **NEW WORDS**.

IT'S NEVER TOO EARLY TO START!

Babies love to be held and to hear your voice.
Cuddle up together and look at board books.

MAKE THE STORY COME ALIVE

Read with fun and excitement in your voice.
Try loud, or soft, or silly voices.

A FEW MINUTES IS OKAY

Young children may sit still for only a few minutes. They will listen longer as they grow.

TALK ABOUT THE PICTURES

Make up stories to go with the pictures.
Let your child join in!

LET YOUR CHILD TURN THE PAGES

Babies and toddlers need help to turn board book pages. A three-year-old likes to turn paper pages without help.

READ ANYWHERE, ANYTIME

Read at playtime, bedtime and naptime. Read any place you have to wait. Read at the playground or under a tree, in the car or on the bus.

READ FAVORITE STORIES OVER AND OVER

Children love to hear the same stories again and again. This is how they learn.

GO TO YOUR LOCAL LIBRARY TO GET MORE BOOKS

Your local library has lots of free books. Let your child choose which ones to bring home.

ASK YOUR CHILD QUESTIONS ABOUT THE STORY

Where is the moon? What do you think will happen next? Be sure to give your child time to answer!

**When children are read
to by people they love,
children learn to love books!**

www.reachoutandread.org

**READ TO
YOUR CHILD
20 MINUTES
EVERY DAY**

MILESTONES OF EARLY LITERACY DEVELOPMENT

NEWBORN TO 6 MONTHS

TALK, SING, READ, PLAY Right from birth, babies are listening, looking, and learning. So find, and enjoy, those everyday moments when you can talk, sing, read, and play together with your baby.

6 TO 12 MONTHS

holds head steady
sits in lap without support
grasps book, puts in mouth
drops, throws book

smiles, babbles, coos
likes and wants your voice
likes pictures of baby faces
begins to say "ma," "ba," "da"
responds to own name
pats picture to show interest

MOTOR DEVELOPMENT

What your child is doing

COMMUNICATION AND COGNITION

What your child is saying and learning

ANTICIPATORY GUIDANCE

What parents can do

Ask questions and wait for your child to answer

Read and speak in your first language

WHAT TO READ

board and cloth books;
books with baby faces;
nursery rhymes

12 TO 24 MONTHS

holds and walks with book
no longer puts book in mouth right away
turns board book pages

says single words, then 2- to 4-word phrases
gives book to adult to read
points at pictures
turns book right-side up
names pictures, follows simple stories

smile and answer when your child speaks or points
let your child help turn the pages; keep naming things
use books in family routines: naptime, playtime, bedtime; on the potty, in the car, bus
use books to calm or distract your child while waiting

board books; rhyming books;
picture books; books that name things

2 TO 3 YEARS

learns to turn paper pages, 2 to 3 pages at a time
starts to scribble

adds 2-4 new words per day
names familiar objects
likes the same book again and again
completes sentences and rhymes in familiar stories

ask "Where's the dog?" or "What is that?"
be willing to read the same book again and again
as you read, talk about the pictures
keep using books in daily routines

rhyming books; picture books that tell stories; search and find books

3 TO 4 YEARS

turns pages one at a time, and from left to right
sits still for longer stories
scribbles and draws

recites whole phrases from books
moves toward letter recognition
begins to detect rhyme
pretends to read to dolls and stuffed animals

ask "What happens next?" in familiar stories
point out letters, numbers
point out words and pictures that begin with the same sound
together, make up stories about the pictures

picture books that tell longer stories; counting and alphabet books

4 TO 5 YEARS

starts to copy letters and numbers
sits still for even longer stories

can listen longer
recognizes numbers, letters
can retell familiar stories
can make rhymes
learning letter names and sounds

relate the story to your child's own experiences
let your child see you read
ask your child to tell the story
encourage writing, drawing
point out the letters in your child's name

fairy tales and legends;
books with longer stories, fewer pictures

LET YOUR CHILD CHOOSE WHICH BOOK TO READ. FIND STORIES ABOUT THINGS YOUR CHILD LIKES.

FOOD ALLERGY

Babysitting and Drop-Off Form

Created to help teach friends, family, babysitters and others responsible for the care of children with food allergies
By Michael Pistiner, M.D., M.M.Sc., edited by John Lee, M.D., of AllergyHome in collaboration with Kids With Food Allergies

TAKE ALL FOOD ALLERGIES SERIOUSLY • TRACE AMOUNTS OF FOOD CAN CAUSE A REACTION

PREVENTION and **EMERGENCY PREPAREDNESS** are a constant must

PREVENTION

Read Labels

Learn How to Read a Label for Food Allergens.* Read Labels Every Time.

- Food allergens can be hidden in flavorings, colorings or other additives
- Allergens can be hidden ingredients, e.g. milk in canned tuna
- Ingredients may change without notice

***You can learn about U.S. labeling for allergens at www.fda.gov.**

Cross-Contact

Cross-Contact is the Presence of Unintended Allergens.

Do not share utensils, dishware, cups, water bottles, or food. Wash dishes, utensils, cups, etc. thoroughly, with soap and water.

Wash hands well with soap and water or hand wipes, before eating or touching the face. Hand sanitizers don't work.

Clean tables and eating surfaces thoroughly with soap and water, commercial cleaners or commercial wipes. Allergens withstand heating and drying.

Be aware of other sources of exposure including: saliva from people or pets, sponges, dishrags, sanitizing buckets, aprons, food that touches the allergen, etc.

EMERGENCY PREPAREDNESS

- **Epinephrine** (eg. Adrenaclick®, Auvi-Q™, EpiPen® or generic epinephrine auto injector) is the treatment for a severe allergic reaction.
- **Always have epinephrine auto injectors close by.**
 - Know how to give epinephrine.
 - Know when to give epinephrine.
 - Know where the auto injectors are located.
- **Have a Food Allergy Action Plan** available and review it with the parents.
- **After giving epinephrine, always call 911** or local ambulance service and tell them that a child is having an allergic reaction and may need more epinephrine.

▶ IMPORTANT CHILD CARE INFORMATION

For Emergency dial 911 or local Emergency #: _____

Child's Name: _____ Age: _____ Weight: _____

Child's Address or Current Location: _____

Food Allergies: _____

Drug Allergies: _____

Parent's Name: _____ Phone #: _____

Doctor's Name: _____ Phone #: _____

QUICK TIPS

Know where your epinephrine and allergy action plan is located

Read all ingredient labels and avoid cross-contact

Ask parents about safe foods to give

If unsure, do not give the food in question

PROUDLY BROUGHT TO YOU BY

Please note that this is a quick tip sheet and is not all-inclusive. It is intended to augment, not replace, current food allergy training. For more detailed information and a list of resources, please visit KidsWithFoodAllergies.org or AllergyHome.org. Online training modules can be found at AllergyHome.org.
