

## **IF YOU RECEIVED A HOLDING TANK PAST DUE NOTICE....**

Unfortunately past due maintenance cards were inadvertently sent out to property owners that are ***not past due*** on their HOLDING TANK septic maintenance. Please disregard this past due notice if you feel you received it in error.

To verify that your HOLDING TANK maintenance report has been timely submitted to our office and you are current, go to the Winnebago County Sanitary Maintenance Program link below and enter either your tax parcel ID number, your address or your name.
